Famine Relief.

No. 347. Read the following Proceedings of the Board of Revenue, dated 30th January 1877, No. 361:—

Read the following letter from R. W. BARLOW, Esq., Collector of Chingleput, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 22nd January 1877, No. 60:—

In forwarding the enclosed extract from a letter, dated the 14th instant, No. 24, from the Acting Sub-Collector, I have the honor to request that the Board will be good enough to sanction a grant of Rupees 5,600 for the formation of a road (earthwork and turfing) from Chingleput to Valliveram in the Chingleput Taluq. The amount is calculated from these items in the regular estimate.

ENCLOSURE No. 1.

EXTRACT from a letter, dated 14th instant, No. 24, from the Acting Sub-Collector of Chingleput.

I BEG to propose the formation of a road between Chingleput and Valliveram as a relief work for the people in the neighbourhood of Chingleput. This would be a very useful work. It would be a good railway feeder and form a means of communication between Chingleput and several villages to the south between it and the Palar. The principal of these is Kalathur. The other villages through which it would pass are Olatur, Pudupakam, Elumichamput, &c. This scheme has been before the Local Fund Board for years. The length of the proposed road would be about 8½ miles. The complete estimate amounts to Rupees 22,350. The items of earthwork and turfing come to Rupees 5,600 in round numbers. I beg that you will be good enough to obtain sanction for the expenditure of the latter sum as soon as possible.

(True Extract.)

(Signed) R. W. BARLOW,
Collector.

THE Board observe that the road does not seem very suited for a relief work, as out of the estimate of Rupees 22,350 only Rupees 5,600 are for earthwork and turfing, the latter operation being one hardly practicable at present. The Collector should select irrigation works in preference to roads.
