I see no objection
to giving the papers to the family

I will reply that the Govt. has
been slow in furnishing the
information to the paper in question.
I doubt not Mr. Roberts' intention
is to discuss the policy & propriety
of the recent order concerning
the allowance. But the Govt. for
its part is not in the least
opposed to the order of Govt. as
regards the holders in force
on their life grants. But it
was in the subsequent
discussion in the House of
that the principle was suggested
& adopted that a Malikdara
should be allowed to the families
of ex-Jemindars in the case
of disqualification and in

primaries. It is of the view
 of a Philistine that it is for
 the future maintenance of the family
 in a position above want. &
 the policy of such a provision
 is a matter beyond the power
 of the Act Gen. & Dis. Act.
 In the present instance the
 when forward of the Execut. Gt.
 decision was to be furnished to the
 Act Gen. a favorable extended
 view of the Act is proposed in
 the draft of the bill. & it must
 be furnished to him - but it
 must be considered that we are
 called upon to do well to
 him the propriety of our
 decisions in such matters
