Proceedings of the Madras Government, Revenue Department,
13th February 1877.

No. 412. Read the following Proceedings of the Board of Revenue, dated 19th January 1877, No. 212:—

ABSTRACT.—*Dry assessment*—in several taluqs of Salem District.—Passing orders on letter from Collector proposing a general percentage remission of — at certain rates.

THE Collector should submit further and more carefully considered proposals for the sanction of the Board. From the detailed report on the condition of each taluq recently received, the Board find that over a considerable portion of the district the early crop, which constitutes a very large proportion of the total cultivation, must have been realized; and they do not consider that remissions so sweeping as those already proposed by the Collector are required.
