GOVERNMENT OF TAMIL NADU

Revenue DEPARTMENT

G.O. No.	679	Press
B.P. No.		Mis.
Dated	15.2.1897	197.

Not to be folded or roughly handled

Read the following papers :—

No. 483 From Colonel W. H. HESSEY, Superintendent of Revenue Survey, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Chepauk, 31st October 1876, No. 3,331A-131.

I HAVE the honor to state that, in submitting a revised estimate for the reorganisation of the Madras Revenue Survey, the rates of pay for officers proposed in the estimate by Colonel Priestley in June last have been adhered to. These rates though liberal in comparison with those ordered in G.O.G.I., 31st October 1872, No. 3,927, yet are considered by the military officers of the Survey less favorable to them than the terms under which they entered the department. I have been addressed by all officers concerned, and have been requested to lay their case before Government.

2. I give the case of Lieutenant-Colonel Cloete in detail. He entered the department in 1863 as Lieutenant and Second Assistant Superintendent. The sanctioned rates of pay at that time were—

	RS.
Superintendent	1,000
Deputy Superintendent	500
1st Assistant do.	350
2nd do. do.	250

with military pay of rank, and Rs. 75 fixed tentage. For ten years of his service the rates remained unchanged, and he naturally looked forward with confidence to his completing his service under the same conditions. On the 31st October 1872 an order from the Financial Department of India fixed the salaries of Survey Officers as under—

	RS.
Superintendent	1,500
Deputy Superintendent	750
1st Assistant do.	550
2nd do. do.	425

On the 23rd January 1872 Lieutenant and Brevet-Captain Cloete was promoted to Deputy Superintendent. On the 13th April 1873 he attained the grade of Captain in his regiment. On the 8th January 1876 he was promoted to Major, and on the same date to Lieutenant-Colonel. Under the order that military officers were to get in their present grades any additional pay that one further step in military rank would give them, Captain Cloete, on attaining the grade of Captain in his regiment, drew civil salary Rs. 500 and military pay Rs. 415-6-0; in all Rs. 915-6-0. The two subsequent steps were not equally advantageous. As a local officer he was ruled to be entitled to the pay of his military rank, Rs. 1,032-4-0. If the rates which obtained prior to October 1872 had continued in force, Lieutenant-Colonel Cloete would have drawn from the 8th January regimental pay, Rs. 1,032-4-0, plus pay of Deputy Superintendent, Rs. 500; in all Rs. 1,532-4-0. By the change in the Pay Rules, he has already been a sufferer to the extent of Rs. 5,000.

3. Major Baynes has not as yet suffered by the operation of the order in question. Were he appointed to act as Deputy Superintendent, he would, under the Rules of 1872, draw only Rs. 750 a-month, instead of Rs. 990-14-6 as at present.

His promotion to Lieutenant-Colonel would carry no advantage but that of rank with it.

4. Major Clay in May 1876 was appointed to act as Deputy Superintendent. The Accountant-General ruled that he was not entitled to more than Rs. 750 a-month. In order to avoid the anomaly of an officer having his pay reduced on being appointed to act in a superior grade, the acting appointment was cancelled in G.O. of 30th May 1876, Gazette page 796. Major Clay now holds charge of No. 5 Revenue Survey, and draws Rs. 990-14-6, the same amount as he drew when he was performing the duties of a 1st Assistant. He will not receive any additional pay on being promoted to Lieutenant-Colonel.

5. Captain Freeth, under the existing Rules, will have the benefit of the next step of rank, but no further increase is possible.

6. Major Liardet and Major Sargeant can derive no benefit from increase in military rank.

7. The rates of pay proposed in the estimate for the revised Survey Establishment for military officers serving in the Madras Revenue Survey are—

	RS.
Superintendent	1,800
Deputy Superintendent, 1st Class	1,400
Do do. 2nd do.	1,200
1st Assistant Superintendent	900
2nd do. do.	600

It is proposed also that military officers should be allowed to draw their present allowances under the operation of the Financial Order of 1872, should the promotion in the proposed scheme entail a diminution in their pay.

8. Lieutenant-Colonel Cloete, under the proposed Rules, would draw Rs. 1,200 a-month, or Rs. 332-4-0 less than he would have drawn under the Rules in force prior to 1872. Major Clay, as Acting Deputy Superintendent, would draw Rs. 1,200, or Rs. 135 more than he would have been entitled to under the old Rules. Major Baynes would continue to draw Rs. 990, the amount he at present receives. Major Liardet and Major Sargeant would draw pay at their present rates. Captain Freeth would draw Rs. 900 as 1st Assistant, instead of Rs. 724-1-0, or Rs. 175-15-0 more than his present rate of pay. Lieutenant-Colonel Cloete, Major Clay, and Captain Freeth would be the only immediate gainers by the change. Major Baynes, Major Liardet, and Major Sargeant would not be affected at present.

9. The military officers are unanimous in their wish to revert to the old rates of pay, even at temporary loss to their salaries. They urge that promotion in the department being at a standstill, there is no chance of any amelioration of their position taking place for many years to come.

10. I give in the accompanying paper A, a statement of the pay drawn by military officers of the department at present, the pay they would draw under the proposed scale, and the pay that they would receive were the rates obtaining before October 1872 reverted to.

11. It will be seen that a saving would be made of Rs. 2,098-14-0 in 1877-78.

Statement B.

In 1878-79 the saving would be Rs. 1,117-9-3 In 1879-80, the balance would

incise the other way, there would be a loss of Rs. 1,103-4-0 to Government; in 1880-81 of Rs. 1,175-10-0; in 1881-82 of Rs. 5,634-11-8; and in 1882-83 of Rs. 9,709-13-6.

12. It is hardly necessary to pursue the calculation further. It was estimated in June last that the Revenue Survey would last 3½ years, and that the whole of the survey of the Presidency, including topographical work, would be completed within six years. The reduction of the half Survey Party in Ganjam may perhaps prolong the term of six years to six and a half.

13. For the purpose of comparison, I have taken it for granted that during the next six years there will be no casualties. There is but little chance of any promotion arising from the retirement of any of the Deputy Superintendents.

14. I respectfully beg to enclose four letters in which the wishes of the military officers have been set forth for the consideration of Government.

No. 192.
OFFICIAL MEMORANDUM.
No. 484. THE undersigned is directed to request the Superintendent of Revenue Survey to state, for the information of Government, his opinion on the grievances complained of by the Military Officers of the Survey Department.
(By Order,) (Signed) H. B. GRIGG.
FORT ST. GEORGE,
21st November 1876.
No. 485. From Colonel W. H. HESSEY, Superintendent of Revenue Survey, to the Hon. D. C. CARMICHAEL, Secretary to Government, Revenue Department, Fort St. George, dated Chepauk, 25th November 1876, No. 3,671-110.
In Official Memorandum, No. 192, of the 21st November 1876, I am directed to state, for the information of Government, my opinion on the grievances complained of by the Military Officers of the Survey Department in letters enclosed in my letter of the 31st October 1876, No. 3,331-A-131.
2. I have the honor to state that, inasmuch as the Military Officers on joining the department supposed that the rates of pay obtaining at the time they joined would be continued to them, I consider their case worthy of consideration.

3. On a scale of consolidated salaries for the Public Works Department being introduced, officers of the Royal Engineers were permitted to elect whether they would abide by the old scale of staff salary, in addition to military pay and allowances, or adopt the new consolidated rates.

4. Several of the above officers, however, having subsequently represented that by the restoration of the ordnance corps of the rank of Major, which was not in existence when they made their choice between the old and new salaries, their position had been materially altered, they were, under G.O., No. 2,465, of 15th September 1876, Public Works Department, permitted to reconsider their decision.

5. I have the honor respectfully to represent that if similar indulgence be granted to the Military Officers of the Revenue Survey Department, it would be most acceptable to them. I do not, however, consider that local pay should be drawn in addition to the staff salary. Staff Corps pay should be passed as in other departments.

6. It will be seen by the enclosed paper that if officers be permitted to draw pay at the old rates under the above condition there will, for the next six years at least, be no loss to Government.

TABLE showing the Increase to the Pay of the Military Officers in the Revenue Survey Department during the next six years ending 31st March 1883 if they are restored to the privilege they had previous to 1872.

ORDER THEREON, 15th February 1877, No. 679.

Miscellaneous.

His Grace the Governor in Council
having fully considered the case of the
Military Officers of the Revenue Survey

Department, regrets his inability to propose to the Government of India compliance with their prayer to revert to the scale of pay and allowances in force prior to the issue of the Financial Resolution, Government of India, dated 31st October 1872, No. 3,927.

2. The scheme approved by the Government and recommended for the sanction of the Government of India in letter, 14th July 1876, No. 941, is, in the opinion of His Grace in Council, as liberal, when contrasted with the scales of pay prevailing in other departments, as the circumstances of the case demand or the state of the finances admits.

St. Thomas' Mount
20th October 1876.

From
Major C. D. Baynes
1st Asst. Sup^t. Rev. Survey.
To The Superintendent
Revenue Survey.

Sir,
As you have been requested
by the Madras Government
in their order N. 1,402. dated 2nd Inst.
to offer your suggestions towards
a rearrangement of the Scale
of pay determined in the
Resolution of the Government
of India embodied in its
Proceedings No 3927. 31st October
1872. Financial Department

I have the honor respectfully
to beg that in the submission
of any scheme for such purpose
you will bear in mind the
hardship inflicted ~~upon~~^{by that}
Resolution on military
incumbents in the Survey
Department at the date
of its promulgation.

Upon the arrangement
contained in that Resolution
which was avowedly made
for the purpose of augmenting
the emoluments of the
Uncovenanted Civil Officers
of the Department, by

Present Pay. Rs.
as 1st Ass. Supt 1065. 14. 6
Pay as dep^y Supt
under revised
scale 750
Rs. 315. 14. 6

679
W
a corresponding deduction
from those enjoyed by the
military incumbents, it would
not become me, nor do I desire,
to make any remark; I wish
simply to point out the
hardship and disappointment
which its operation entails
upon myself; namely,
in the event of my obtaining
departmental promotion I
should draw a monthly
salary less by Rs. 315. 14. 6
than that I now receive.

I would beg leave respectfully
to suggest that in issuing the
Resolution in question the

Government of India, having
in view a measure of Departmental
economy could not have
contemplated its producing
as it does in my case, a
result so anomalous, so disappointing,
to legitimate expectation, and
so discouraging to official
zeal as that after 15 years
service in the Department, I
as a Major in the Staff Corps
should be required to perform
the duties of a Deputy Superintendent
on a monthly salary less by
40 rupees than that for which,
as a Captain, I discharged the

679
11
duties of a first Assistant.
and this by an arbitrary
withdrawal of the expectations
which induced me to leave the
military department, I should
have to regard as a punishment
the promotion to which on
entering the Department, I
had naturally looked forward
as a reward.

I also beg to point out
that the scheme proposed
by Colonel Piesley would
very injuriously affect me
in that I should at once
drop from Rs. 1065. 14-6 to
Rs. 900. per mensem.

I trust therefore that you
will be able so to arrange
the scale of pay that
the position of military
incumbents in the Department
on or before October 1872

may remain as it was
when they entered it.

In conclusion I would
state that if I would never
have left military service
had I been aware that
had I not done so, 20 years
of service spent upon

Major & Ming officers	870. 14. 6
Pay of Dep ^y Supt.	750
	<hr/> 120. 14. 6

duties less responsible and
less detrimental to health, than
those of the Survey Department
would at their expiration.
be rewarded by pay more
ample by 120 Rupees than
that which I can ultimately
ever receive in my present
employment, and

therefore if Government decline
to restore the conditions which
led me to leave the military
service, I would beg that
I may be allowed the option
of return to it.

I have the honor to remain

From
Major. C. D. Barnes
to the Lt. Col. Secretary
to the Lt. Col. Secretary
Dated. 20 Oct 1876.
Subject
Joint out the
injuring done to his
prospects in the
Department by the
operation of Govt of
India Resolution
No 3927. 31 Oct 1872
Financial Dept

1863, as a Lieutenant and 2nd Asst^t
Supt^t; at that time the sanctioned rates
of pay for Military Officers in the Dept^t
were

Deputy Supt^t Rs 500
1st Asst^t Supt^t 350
2nd Asst^t Supt^t 250

in addition to Military pay of Rank;
for nearly 10 years of my service in the
Dept^t these conditions remained unchanged,
and during the whole of that period I
looked forward with perfect confidence
to their remaining unchanged to the
end of my service.

3. On the 31 October 1872 an order in
the Financial Dept^t of the Govt^t
of India No 3927 (revising the Salaries
of Madras Army Officers) reduced the
pay of a Deputy Supt^t to Rs 750 per
mensem consolidated.

4. I have been a Deputy Supt^t now
for 5 years and on the 8th January this
year was promoted to Lieut Colonel.

5. According to the rates in force
when I joined the Dept^t I should
therefore for the past 10 months have
been drawing the military pay of my

my Rank in addition to Rs 500 Army
Staff allowance monthly; but under
the operations of the order quoted above
I draw my Military pay only.

6. I have therefore already received
Rs 5000 less than I had always
looked forward with hope and confidence
to receiving on attaining the higher
rank of the Army and Dept^t; and
I continue thus to lose Rs 500
monthly.

7. I have now lost all chance of
advancement in the Army Staff,
and could not revert to Military duty;
and in the Dept^t in which I have
worked for 13 1/2 years I have no
further prospects.

I have the honor to be,
Sir,

Your most obedient Serv^t

A Crooke Lieut Colonel

Survey Office 679
Madras 15
October 1876

From

Major to be Surgeant
Assistant Superintendent
Madras Survey

To

Col. W. W. Measey
Superintendent Madras Survey

Sir

As you are about to submit a scheme of re-organisation of this Department for the consideration of Government, I have the honour, with due respect, to lay before you a brief statement showing how my prospects are affected by the order of the Supreme Government dated 18 January 1873 and how they will be affected, supposing the rates of pay recommended by the late Superintendent come into force.

2. I am now a Major in the Army & 2nd Assistant in the Survey, under the conditions on which I joined the Survey I draw the pay of my rank in the Army plus pay of my grade in the Survey, in other words Rs. 640 + 325 or 965 rupees per mensem. By the order of Supreme Government of 1873, I shall draw when promoted to 1st Assistant, Rupees 550 consolidated pay per mensem or Rs. 415 a month less than I draw at the present moment.

3. If the rates of pay submitted by Col. Christie obtain

Rs 15-2-77 + 679

Enclosure to
The Hon. Secy to Govt
of Madras 1876

Mr. W. W. Measey
Colonel W. W. Measey
Off. Secy to Govt
of Madras
Superintendent
Madras Survey

obtain, I shall on promotion to 1st Assistant, draw
Rupees 900 per mensem or 65 Rupees less a month
than I now draw.

4. I beg to bring to your notice that in so far
as I am concerned, there is but little chance of
my attaining the rank of Deputy Superintendent.
I shall consequently draw no more pay than I do
at the present moment during the remainder of
my service.

5. I lay my case before you trusting that, if you
consider it a hard one, you will, in drawing up the
new scheme, solicit Government to sanction to Military
Officers now in the Department, the rates of pay to
which they would be entitled under the conditions
on which they enlisted.

6. Major Seixas & Captains Pratt and Clerk
requested me to inform you that they wished to be
allowed to abide by the old rates of pay.

I have the honour to be

Survey Department.

I presume that, in accordance with
the request of the Madras Government,
you have under preparation a fresh scheme
for the re-arrangement of salaries which shall
not entail any additional expense on the
Government.

Enclosed

Letter No 3331

of 31st Oct 1876

P. 15-20 77-8679

Rev 4855/76

Government of India.

3. I respectfully and earnestly beg that in drawing up such scheme the claims of the Military Officers who entered the Department prior to October 1872 may receive your favorable consideration.

4. I entered the Department in 1861 on the understanding that I was to receive a certain Staff allowance in addition to the Military pay of my rank.

5. The Government of India by their order No 3927 of 31st October 1872 annulled the conditions under which I was induced to enter the Department and fixed certain consolidated rates of pay for all officers of the Madras Revenue Survey.

6. This order has completely blighted the prospects of myself and the other Military Officers of the Department.

7. As a Major and 1st Assistant Superintendent I am now drawing under the old

old conditions Rs 1065.14.6 but by the order of the Government of India above quoted in the event of my being promoted to a Deputy Superintendent or even by acting in that capacity for an absentee my pay is to be reduced to Rs 750 which involves an actual loss of Rs 315 a month, with the consolation of drawing only Rs 170, a month more than I received as a Lieutenant and 2 Assistant on my first joining the Department 15 years ago.

8. As you are aware I acted as a Deputy Superintendent in Cuddalore from 1869 to 1871; in Coimbatore from 1873 to 1874; and am now acting in the same capacity at St Thomas Mount; whilst in Cuddalore I drew acting allowance under the old conditions, but I have had to perform the duties of a Deputy Superintendent in Coimbatore and the Mount on the pay of a 1st Assistant.

9. The consolidated salaries proposed

in the re-organization scheme submitted to the Government of India by the Madras Government - are certainly more favorable than those contained in the Government of India Order of 1872, but I would respectfully point out that even by these rates my prospects are injuriously affected.

10 As already stated I am in receipt of Rs 1065-14-6, but by the new scheme the pay of a Military 1st Assistant is fixed at Rs 900, I shall therefore suffer an immediate loss of Rs 165 a month, and as there are only 5 Deputy Superintendents in the Survey, 4 of whom are uncovenanted officers there is no prospect of promotion (although I have served 8 years in my present grade) until 1884 when the two senior uncovenanted Deputy Superintendents will become entitled to their pensions.

11 On entering the Survey Department we virtually made a Contract with Government

Government, to perform certain work for certain pay, we have, I think I may be permitted to say, faithfully and honestly performed our part of the Contract, and I pray that our claims to be permitted to serve on under the conditions on which we entered, may be submitted for the favorable consideration of the Government of India.

From

The Superintendent Revenue Survey.

To

The Secretary to Government
Revenue Department

SIR,

I have the honour to state, that in submitting a revised estimate for the reorganisation of the Madras Revenue Survey, the rates of pay for officers proposed in the estimate by Colonel Priestley in June last have been adhered to. These rates though liberal in comparison with those ordered in G.O. G.I. 31st October/72 No. 3927, yet are considered by the Military officers of the Survey, less favourable to them than the terms under which they entered the Department. I have been addressed by all officers concerned and have been requested to lay their case before Government.

2. I give the case of Lieut Col. Bloete in detail. He entered the Department in 1863 as Lieut and Second Assistant Superintendent. The sanctioned rates of pay at that time were

the operation of Govt
of India Resolutions
No. 927 of 31st October 1872.

Superintendent Rs. 1000

Deputy Do " 500

1st Asst Do " 350

2nd Do Do " 250

with Military pay of rank & Rs. 75 fixed tentage. For 10 years of his service, the rates remained unchanged and he naturally looked forward with confidence to his completing his service under the same conditions. On the 31st October 1872, an order from the Financial Department of India fixed the salaries of Survey officers as under.

Superintendent Rs. 1500

Deputy Do " 750

1st Asst Do " 550

2nd Do Do " 425

On the 23rd January 1872, Lieutenant & Brevet Captain Bloete was promoted to Deputy Superintendent. On the 13th April 1873, he attained the grade of Captain in his Regiment. On the 8th January 1876, he was promoted to Major & on the same date to Lieutenant Colonel. Under the order that Military officers were to get in their present grades any additional pay that one further step in Military rank would give them, Captain Bloete in attaining

the grade of Captain in his Regiment drew civil salary Rs. 500 and Military pay Rs. 150 in all Rs. 915-6-. The two subsequent steps were not equally advantageous, as a local officer, he was ruled to be entitled to the pay of his Military Rank Rs. 1032-4-. If the rates which obtained prior to October/72 had continued in force, Lieutenant Colonel Bloete would have drawn from the 8th January Regimental pay Rs. 1032-4- plus pay of Deputy Superintendent Rs. 500, in all Rs. 1532-4-. By the change in the pay rules, he has already been a sufferer to the extent of Rs. 5000.

3. Major Paynes has not as yet suffered by the operation of the order in question. Were he appointed to act as Deputy Superintendent, he would under the rules of 1872, draw only Rs. 750 a month instead of Rs. 990-14-6 as at present. His promotion to Lieutenant Colonel would carry no advantage but that of rank, with it.

4. Major Blay in May 1876, was appointed to act as Deputy Superintendent. The Accountant General ruled that he was not entitled to more than Rs. 750 a month. In order to avoid the anomaly of an officer having his pay reduced on being appointed to act in a superior grade,

the acting appointment was cancelled in G.O. of 5th May 1876 Gazette Page 796. Major blay now holds charge of A.S. Revenue Survey and draws Rs 990-14-6 the same amount as he drew when he was performing the duties of a 1st Assistant. He will not receive any additional pay on being promoted to 2nd Lieutenant.

5. Captain Freeth under the existing rules will have the benefit of the next step of rank but no further increase is possible.

6. Major Liardet and Major Sargeant can derive no benefit from increase in Military rank.

7. The rates of pay proposed in the estimate for the revised Survey Establishment for Military Officers serving in the Madras Revenue Survey are:

Superintendent	Rs 1800
Deputy Do 1st class	1400
Do Do 2nd Do	1200
1st Asst. Supt	900
2nd Do	600

It is proposed also that Military Officers should be allowed to draw their present allowances under the operation of the Financial Order of 1872, should the promotion in the proposed scheme entail a diminution in

8. 2nd Lieut. blay under the proposed rules would draw Rs 1200 a month or Rs 1200 less than he would have drawn under the rules in force prior to 1872. Major blay as acting Deputy Superintendent would draw Rs 1200 or Rs 135 more than he would have been entitled to under the old rules. Major Baynes would continue to draw Rs 990 the amount he at present receives. Major Liardet & Major Sargeant would draw pay at their present rates. Captain Freeth would draw Rs 900 as 1st Assistant instead of Rs 724-1-0 or Rs 175-15-0 more than his present rate of pay. 2nd Lieut. blay, Major blay & Captain Freeth would be the only immediate gainers by the change. Major Baynes, Major Liardet & Major Sargeant would not be affected at present.

9. The Military Officers are unanimous in their wish to revert to the old rates of pay even at temporary loss to their salaries. They urge that promotion in the Department being at a stand still there is no chance of any amelioration of their position taking place for many years to come.

10. I give in the accompanying paper A a statement of the pay drawn by Military Officers of the Department at present, the pay they would draw under the proposed

No. 3671
140.

Officers in the Revenue
Survey regarding that
the provisions they agreed
prior to leave of absence
of 1872 may be continued to
them.

being introduced, Officers of the Royal Engineers were permitted to elect whether they would abide by the old scale of Staff Salary in addition to Military Pay and allowances or adopt the new consolidated rates.

Notification
No 341 of 7th Octo
1870 Public Works
Department

4 Several of the above Officers however having subsequently represented that by the restoration of the Ordnance Corps of the rank of Major which was not in existence when they made their choice between the old and new salaries, their position had been materially altered, they were under G.O. No 2465 of 15th September 1876 permitted to reconsider their decision.

Public Works
Department

5 I have the honour respectfully to represent that if similar indulgence be granted to the Military Officers of the Revenue Survey Department it would be most acceptable to them. I do not however consider that local pay should be drawn in addition to the Staff Salary. Staff Corps pay should be passed as in other Departments.

6 It will be seen by the enclosed paper that if Officers be permitted to draw pay at the old

old rates under the above conditions there will for the next six years at least be no loss to Government.

I have the honour to be
Sir
Your most obed^t Servant
W. R. S. P. Colonel
Superintendent Revenue Survey

Local Officer attached temporarily to the Long Survey.

Abstract

Pay of Military Officers including } Annually
 Superintendent as at present drawn } 89339-4-"
 Do. as proposed by Government }
 of Madras in letter of 14 July 1876 in } 97772-10-"
 addition to the Travelling allowance }
 Pay and allowances at the rates } 93221-4-"
 obtaining before October 1872 }
 Difference or saving to Government in } 4551-6-"
 favour of the old rates }

Alterations in rates during the next 6 years.

Enclosure I
to letter No 3671 of
25 Nov 76 from
the Dept of Ordnance
to the Secy of War.

Rev: 5196/76

15-11-76

The Court India, in generally approving
our Revised Scheme, Survey Est^t, regretted
their inability to better the position of the
Officers, unless it could be done without extra cost.
G.O. 22 Oct 76.

This was referred to Mr. Kersey, who proposed to
effect the change by abolishing the topographical
party at Camp -

Govt were about to approve & send this up,
when the Military Officers came up again
with their old grievance - of injustice having been
done to them in changing their terms of service
a few years back - a point into which our
Revised Scheme dealt fully - we then said we
could not help them to be extent desired -

However, Mr. Kersey, was now directed to report
his opinion on this alleged grievance - he says
no doubt there is a grievance -

Secy of War is against moving in the matter any
further. Mr. Ellis contra.

His Grace's etc is requested -

It seems to me that those who have
seen

just so much of
change as makes a
grievance to be alleged
but that investigation
shows that there is
no actual loss as
yet to any one except
Col. Cloete who
however receives as
much when travelling
allowance is included -
if I am right in this
I think there is no question
in the mind of one to
be satisfied. B. 8/2

No.

From

Lyt. Rev. King

Dated

25th Nov

1876.

FOR ORDERS.

Survey Officers

Orders for

two places

Have already stated
my opinion - of the
principle (that Lt.
Lacey must be
reverted to) and ruled
these matters over these
Officers entered the
Service is conceded
in this case it cannot
be refused in the Police

Had the same def
ficult - I contend that when
the change took place but
discommodates hopes of
change that seem to
have been kept alive -
this case

I sincerely hope

The Supl. was called in, in
accordance with the order
of the force the Supl. - to submit
his own opinion on the
complaints of the Officers -

He states that as the Officers
joined the Of. expecting that
the matter of pay their promotion
would continue, their case
is "worthy of consideration" -
I suggest that the military
Officers now in the Of. might
be allowed the option of selecting
the position they prefer to moving
to the position they occupied before
172 - or adopting the new
scheme - A similar indulgence
the Supl. remarks, has been
granted to Officers in the D.V.W.

It is observed that in
the statement of relative

Cost now submitted Col.
Cloth's allowance have
calculated at the pay of
a Staff Corps Colonel - It
does not appear how this
reduction can be made.

Col. Cloth will probably object
as he is selected to continue
a local with a view to
the advantages he would
derive from that course -
The principle involved in
such a reduction seems the
same as that involved in
the scheme now before Govt -
viz - the right of Govt. to
modify the scale of salaries
in a Dy. in accordance with
the exigencies of the State.

It is observed that
in showing the relative
cost to Govt. of the pay of
Officers as at present - with
which it would be if they
were permitted to insist
to the old scale - the
Staff has omitted the
fixed tenting for his
Officers Civil allowances

The case of Engineers
and artificers - The Staff
Corps has not been open to
them. I think

It seems to me that the
reduction will be imper-
table

July - Int. Officer

$75 \times 6 = 450 \times 12 = 5400$ - This is 75% monthly - assuming

- Present cost - Rs 89,339

Proposed

Old rates in
allowances $93,227 + 5400 = 98,627$
 $93,673 + 5400 = 1,01,073$

* assuming Col. Cloth's pay at

Rs 1032 + 500 - & not

at 827 + 500 -

The figures would not show
the cost of his pay is taken
at the latter rate -

the increased cost to Govt. would
be $14,734$ + cost Rs 388249

- The objection however
is quite correct in contrasting
the new scheme with the old
rates - and the former periods
for travelling allowances (not
fixed) - If however officers
are permitted to insist to
the old rates, it is submitted
the travelling allowances under
the new rates would not be
granted -

It is observed that in
calculating the cost to Govt.
the additions to salaries, under
Civil & acting allowances has
not been included - This
has also been omitted in
the calculations based on the
new scheme -

Sup. below 31st Oct 76 $\frac{3331}{131}$

I think that we must decide
the above point first
2/12 1876

The organization scheme
has not been forwarded to
the Govt. of India, pending the
settlement of this question -
Orders are requested whether it
should be retained or not

OR ORDERS.

I adhere to my opinion
that the military officers
have a substantial
pension - Better
bring to next Council
so that the question
may be disposed of
before H. peace leaves
M.H.

Sup. Rev. Council -
31st Oct 1876

Military Officers Pension.

The Superintendent has
submitted the facts of the
case - some of the military officers
must have promotion in
the shape of a living allowance
(2) that the present scheme provides
for travelling allowance, which
was drawn, estimated
to equal about £100
annually to each officer -
(3) that if the officers expected
to be abolished at the end
of 6 years, - they would prefer
the present plan of the new
scheme to future plan if
they were to be replaced
in the positions they occupied
life (4) that the
off. in true shape, or other
is a necessity & consequently

Believe that it is sur-
ply no sense in any Dept
Cry after still - with the
consolidated salary system
was adopted to prevent the
ludicrous accretions of
pay that were entailed by
the old - and practically
Col. Dost is asking for the
pay of 2 Lieut-Colonels &
some they near it - and the
the officers for all are
encourage hopes of reversion
& are abandoned system - to be abolished at the end

This settled - is there
any grievance (barring of
course, alleged his appointment -)
Col. Dost draws full pay
of his rank & receives
travelling all - there is
no substantial pension in the position they occupied

Baynes's case can be
considered then to be a
a loss (?) The new system

any scheme for hospitalization
must be based on the
supposed continued existence
of the army

The Superintendent of the
prison expressing his
individual opinion
in the complaints of these
gentlemen

I may provide
fairly I think I do not
according to the standard
established in 1872

Has the proposed
late been suggested (p. 7)
of the Gov. I - I have
old paper & entertain his
complaints - I will
send with their sanction
16/11 MM

16/11/76

The case of the
Military Officer
seems to me very
hard - I think
the question should
be discussed in
Council MM

See
 MR

g. Letter from Supd. R. Sany
 25 Nov. 76 No 3621 - stating
 with reference to call for his
 opinion on the grievances
 complained of by the Military
 Officers of Sany Coy. that he

consider their case
worthy of consideration.

After

His Grace the Gov. in
Council having fully
considered the claim
of the military officers
of the Prov. Army
regards his inability

to perform to the Gov.

India compliance

with their prayer to

revert to the scaled

pay & allowances in

force prior to the

time of financial

Resolution - 9.7. 31st October

1872. No 3927.

The scheme approved
by the Gov. and recommended
for the sanction of
the Gov. India in
letter 14th July 76, No 941

is, in the opinion of His
Grace in Council, as liberal,
when contrasted with
the scales of pay prevailing
in other parts, as the
circumstances of the case
demand on the State
of the Finances admit.

Living Officers

Draft S.O. for approval
directing pay of Officers.

Wt.

With reference to this piece of work.

It is shown that Col. Clark

under existing arrangements

Draws - Rs 1032 - 4 - 16

The scheme proposed is that

he will draw immediately

Rs 1200 + 80 or 90% (travelling allowance)

or say 1280 when acting in

1st class of S. he will draw

Rs 1400 + 80 = 1480 -

If the old scale were insisted to

he would draw, either Rs 1227 - 14 - 4

Rs 575 = 1402 - 14 - 0 - or Rs 1032 - 4 -

+ Rs 575 = Rs 1607 - 4 - 0 - the former

being staff corps Colonel's pay - the

latter a local Lt. Col's pay -

when acting 1st class of, under

the proposed scheme, he will be

better off, than if he were

to the former rate, allowing that

he may draw Staff Corps Pay
