Proceedings of the Government Revenue Department.

15th February 1877.

Relief.

Review the following Proceedings of the Board of Revenue, dated 9th February 1877, No. 549.

Following letter from G. D. LEE, Collector, to the Board of Revenue, dated 1st February 1877, Extra.

The honor to inform the Board that, owing to the unfavorable nature of the season, the pasture is getting scarce in the district. To assist the ryots as far as may be I propose to throw open the pasture land to the free use of the people. I am trying to induce the grazing renters to relinquish their farms. If any of them are willing to do so I request the sanction of the Board to accept such relinquishments and cancel the farms.

The Collector is requested to explain further.

2. It does not appear advantageous to allow relinquishment of grazing farms in the month of February as any grass worth having must have been consumed long ago, and relinquishment will merely relieve the ryots at the expense of the State without conferring any particular benefit on them.

This image shows a piece of aged, light-colored paper with a textured surface. The paper is heavily stained with numerous small, dark brown spots, likely foxing or water damage. There are several dark, irregular ink-like smudges and marks scattered across the surface, particularly concentrated in the upper right and middle sections. The edges of the paper are torn and ragged, with some areas showing a darker, possibly underlying material. The overall appearance is that of an old, discarded document or scrap of paper.
