No. 166.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th January 1877.

Read the following Proceedings of the Madras Government, dated 15th November 1876, No. 1,675, Revenue Department:—

Read Proceedings of the Board of Revenue, dated 4th October 1876, No. 2,506.

ORDER THEREON, 15th November 1876, No. 1,675.

Separate Revenue, No. 16.

Salt.

The Government observe that the experiment has proved a decided success in Ganjam and Madura, and that there is a reasonable prospect of success elsewhere.

They agree with the Board that time is required for full development of the manufacture and trade. Full statistics should have been furnished as to the number of applications, quantity of fish cured, quantity and value of salt supplied, and the charges connected with the experiment incurred in each district. The omission will now be supplied by the Board.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

COMMUNICATED to all Collectors of Maratime Districts.

2. All the information for the official year 1875-76 which has been furnished to the Board in regard to the particulars specified by Government is shown below. It is so fragmentary as to be of little use, and, as returns for the calendar half-year ending 30th June were being received and embrace a portion of the transactions for the past official year, it was not thought necessary to call for further statistics for the period under notice, especially as operations had hardly commenced. The Collectors of Ganjam, Kistna, Madura, and Chingleput will now submit a statement in the prescribed form (Board's Proceedings, dated 29th April 1875, No. 1,076) showing particulars from the date of commencement of the experiment to the 31st December 1875, more recent transactions having been embodied in the returns for the half-year ending 30th June, which will be separately dealt with. Any expenditure incurred in other districts should also be reported:—

Districts.	Stations.	Number of Applicants for Salt at reduced price.	Weight of Fish to be cured.	Weight of Salt issued.	Price per Maund.	Value of Salt issued.	EXPENDITURE.					Remarks.
