*Proceedings of the Madras Government, Revenue Department,
23rd February 1877.*

No. 730. Read the following Proceedings of the Board of Revenue, dated 3rd February 1877, Miscellaneous No. 1,570:

Read the following letter from W. R. ROBERTSON, Esq., M.B., Superintendent, Government Farms, to I. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 23rd January 1877, No. 81.

I HAVE the honor to request sanction for the erection of three double cottages, or six single cottages, for the occupation of 12 of the students of the School of Agriculture at a total cost, in the first instance, not exceeding Rupees 2,500, or in the second case not exceeding Rupees 3,000. The cost can be met from the allotment set apart for the School of Agriculture.

The six single cottages now on the Farm are much overcrowded, there being resident in them 17 students instead of 12, for which number only accommodation was provided; and a number of other students have applied for quarters on the Farm.

The scheme under which the School of Agriculture was established did not provide for the residence of the students on the Farm, as it was thought that they could not be induced to take up their quarters there. However, the majority of them seem very desirous to get quarters on the Farm, and in this, I think, they ought to receive every encouragement, as it is much more preferable, in every way, that they should reside on the Farm rather than in the town of Sydapet.

SUBMITTED to Government with the Board's recommendation that sanction be accorded for the construction of six single cottages at a cost not exceeding Rupees 3,000. A small rent should be charged, and the Board would suggest Rupees 1-8-0 per mensem for each cottage, or a little more than $3\frac{1}{2}$ per cent. on the outlay.
