SIR,—I am directed to acknowledge the receipt of your letter of the 7th December 1876, No. 341, calling for information why the alternative scale of establishment of salt guards in the Nellore District, proposed by the Superintendent of Police, was not adopted; also regarding the necessity for maintaining salt treasuries; and, in reply, to state, as regards the former query, that the Government referred the question to a member of the Imperial Salt Commission, who had had special opportunities of observing the requirements of the salt stations, and were strongly urged to place the establishment in the efficient state the major estimate alone admits of. The Government see no reason to modify the conclusion then arrived at.

2.
