*Proceedings of the Madras Government, Revenue Department,
1st March 1877.*

No. 39. Read the following Proceedings of the Board of Revenue, dated 8th February 1877, Miscellaneous No. 1,903:—

Read the following letter from H. S. THOMAS, Esq., Collector of Tanjore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 24th January 1877, No. 288.

THE Government having, in their order of the 14th February 1876, No. 206, sanctioned the sum of Rs. 670 for the opening of an additional experimental enclosure for curing fish at Point Calimere, the amount was placed at the disposal of the Salt Superintendent of Vadarniem, and the work was commenced. But on my personal inspection of the locality, I found that there, as at Adrampatam, the eagerness of the fish-curing merchants was only a blind to cover their habitual thefts of spontaneous salt, and that consequently an experiment in which any money would have to be paid for the salt would in that locality be likely to be a failure. So I caused inquiries to be made for opening a fish-curing yard at Negapatam instead, and accordingly Akkaraipettaikuppam, a village situated to the south of the sand-spit opposite to the salt-yard at Negapatam, was selected as best fitted for the purpose, and an estimate for an enclosure at this place, amounting to Rs. 657, is herewith submitted for sanction.

2. But out of the sum of Rs. 670 sanctioned in the Government Order above referred to, Rs. 462 have already been spent on earth-work and materials at Calimere Point. The materials, costing Rs. 179, have, however, been transferred for the proposed enclosure at Negapatam, and the proceeds from the sale of the remaining materials have been ordered to be credited to Government. Thus there are at present only (Rs. 208 + 179) Rs. 387 available for expenditure at Negapatam, and I have the honor, therefore, to request that early sanction may be granted for a further sum of (Rs. 657—387) Rs. 270 for the enclosure at Negapatam. The charge can be met from the savings in the salt grants. To avoid delay the work has been commenced in anticipation of sanction.

SUBMITTED to Government with the request that sanction may be accorded to a further grant of Rs. 270 for the purpose of building an enclosure at Negapatam for curing fish. It is to be regretted that outlay was incurred at Point Calimere before the prospects of success had been ascertained by careful inquiry.

(A true Copy and Extract.)

Acting Sub-Secretary.

No. 40. ORDER THEREON, 1st March 1877, No. 878.

Miscellaneous.

THE Government agree with the Board that the Collector should have investigated more fully the chances of success before submitting his proposals regarding the establishment of a fish-curing yard at Point Calimere in his letter recorded in G.O., dated 14th February 1876, No. 206. They trust that the present proposals have been made after full and

Proceedings of the Madras Government, Revenue Department

mature consideration. Under this impression they sanction the opening of a yard at Negapatam, and authorise a further grant of Rs. 270 as proposed.

to the salt yard at Megapalam was selected as best fitted for the purpose and an estimate for an enclosure at this place amounting to Rs 657 is herewith submitted for sanction.

2 But out of the sum of Rs 670 sanctioned in the Government order above referred to, Rs 462 have already been spent on earthwork and material at Calure Point. The materials costing Rs 179, have however been transferred for the proposed enclosure at Megapalam and the Proceeds from the sale of the remaining materials have been ordered to be credited to Government. Thus there are at present only (Rs 208 + 179) = Rs 387 available for expenditure at

at Negapatam; and I have
the honor therefore to request
that early sanction may be granted
for a further sum of (657-337) = Rs 270
for the enclosure at Negapatam.

The charge can be met from the
savings in the salt grants. To
avoid delay the work has been
commenced in anticipation of
sanction.

Tanjore Collector's Office
Tanjore 26th Jan'y 1877

I have the honor to
Sd/ H. J. Thomas
Collector

Submitted to Government
with the request that sanction
may be accorded to a further
grant of Rs 270 for the purpose
of

of building an enclosure at Negapatam
for curing fish. It is to be regretted
that outlay was incurred at Point
Calimere before the prospects of
success had been ascertained by
careful enquiry.
