Famine Relief.

No. 198B. Read the following Proceedings of the Board of Revenue, dated 25th February 1877, No. 921:—

Read the following letter from W. McQUHAR, Esq., Collector of Madura, to H. E. STORES, Esq., Acting Secretary to the Board of Revenue, dated 16th February 1877, No. 87.

I HAVE the honor to submit for sanction the three estimates for the works noted in the margin which are proposed to be carried out from Famine Relief Funds.

<i>Madura Taluk.</i>	Rs.	
Repairing Thengam tank	11,030	2. A sketch map and an application in the prescribed form are also enclosed.
Do. Vadagarai channel	3,420	
Do. Avaniyapuram channel	5,300	

Enclosures Nos. 1 to 3.—Estimates.

Enclosure No. 4.—Sketch Map.

Enclosure No. 5.—Statement showing works to be executed.

The second estimate submitted is entirely for earthwork and rough stone revetments, kinds of work which can be executed by unskilled labor. The estimate is sanctioned.

2. That for the Vadagarai channel, Rupees 3,420, consists of Rupees 1,600 for masonry works (sluices) and Rupees 1,740 for earthwork. The proportion of work for skilled labor is somewhat large, but it is of a kind which requires also a good deal of unskilled labor, and the work is a useful one. The Board therefore sanction it.

3. The third estimate, repair of the Thengam tank, Rupees 11,030, requires the sanction of Government. Earthwork and revetment make up Rupees 4,500 of the total, and the rest is for repairing sluices. The Collector remarks that the work is within reach of some of the most distressed in the east of the Tirumangalam Taluk, and requests early orders. The Board submit the estimate for the sanction of Government.
