*Proceedings of the Madras Government, Revenue Department,

Famine Relief.

No. 212-A. Read the following Proceedings of the Board of Revenue, dated 1st March 1877:—

Read the following letter from A. WEDDERBURN, Esq., Collector of Coimbatore, to H. E. STURGES, Esq., Secretary to the Board of Revenue, dated 22nd February 1877, No. 78:—

In reply to Proceedings, Board of Revenue, dated 19th February 1877, Miscellaneous No. 2,442, containing the remarks of Government that the great bulk of my proposed expenditure is on road work and but little on irrigation and water supply, I would be but too glad to undertake further improvements of irrigation works, but they are mostly provided for by the annual grant, and before expending the Imperial revenues on channel repairs the Department of Public Works are executing all the repairs for which there are still district funds.

I am, however, considering plans for the deepening of tanks and excavation of wells therein where there is extreme pressure for water supply. The Board and Government may be assured that no improvement of irrigation or water supply will escape attention.

Summarised for the information of Government with reference to G.O., 7th February, No. 550-B.
