Famine Relief

No. 233. Read the following letter from W. LOGAN, Esq., Collector of Malabar, to J. H. GARSTIN, Esq., Additional Secretary to Government, Revenue Department, dated Calcutt, 3rd February 1877, No. 22:—

Referring to your telegram of yesterday regarding the effect given to the instructions contained in paragraphs 9 and 10 of G.O., Revenue Department, No. 515, dated 5th February 1877, I have the honor to inform you that immediately on its receipt the following Circular was issued to all divisional officers.

"Divisional officers are requested that particular attention may be given to the order of Government, dated 5th February 1877, No. 515, and that the paramount importance of preventing deaths from starvation in this season of scarcity be again and again forced on the attention of their subordinates. Money and, if necessary, food too, will be provided, and local officers will be strictly called to account for any deaths which, from apathy or carelessness, they failed to prevent. Immediate report must be made to this Office of any distress that may be threatening."

2. I have reason to think that the instructions are being carefully attended to.

3. In Wynad, where only at present actual distress exists, the Deputy Collector in charge has received Rs. 3,000 out of the sum put at my disposal by the Board of Revenue, and has received detailed instructions for feeding all starving people at the hospitals of—

1. Mavelikkara,

2. Vythery, and

3. Gundlur.

and for the organization of relief-camps at those places, should the numbers increase largely. The planters have also been informed, and have been requested to have weekly inspections and to send all starving people immediately to the three relief centres above named. I am not yet in a position to say what expenditure has been incurred, as the Deputy Collector's first report is due only on Monday next. The result will be communicated in my weekly season report.

Sir

In reference to Board's Proceedings
No 12627 dated 27th Feb 1877 I have honour
to state that the Relief works started
in the Salun Taluk are few and are
chiefly under D. P. M. supervision. It
is so necessary to provide labour for
those who ordinarily live by labour
either on Government work or in fields
and who are now without the means
of earning their subsistence.
