GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

28th June 1878, No. 978.

Read the following paper:—

No. 330. Proceedings of the Board of Revenue, dated 21st May 1878, Miscellaneous No. 5,138.

Read the following letter from D. BUICK, Esq., Acting Collector of Malabar, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Calicut, 3rd May 1878, No. 106.

I HAVE the honor to acknowledge receipt of Proceedings of Government, dated 18th March last, No. 417, communicated with the Board's Miscellaneous No. 3,531, of the 4th ultimo, and to submit herewith a Taluqwar Statement of the Land-revenue and Abkari arrears outstanding in this district on the 31st December 1877.

2. The arrears under Land-revenue on that date amounted to Rs. 1,34,097, of which the sum of Rs. 49,628 is Ryotwar balance and the remainder is the Peishcush due by Sultan Ali Rajah, less Rs. 643 which falls under "Miscellaneous." The taluqs where the arrears are most serious are those of Wynaad, Ponani, and Ernad. Against the arrear of Rupees 83,926 due by Sultan Ali Rajah, a sum of Rupees 40,690 stands to his credit in our accounts on the 1st April.

3. The arrears under "Abkari" aggregate Rupees 54,543 and are spread over all the taluqs of the district. The cause of these arrears is attributable to the drought of the past season which seriously affected the yield of the toddy-producing trees, and to the famine which left the consumers of liquor less to spend on drink. Another reason no doubt is that the renters were always hoping for the remission of some of their kists and held back in the expectation that their hopes would be realized.

4. Energetic measures are being adopted for the speedy realization of these outstandings before the close of the current fasli year.

8. The Collector attributes this to the drought of the past season which he states "seriously affected the yield of the toddy producing trees and to the famine which left the consumers of liquor less to spend on drink," and to the fact that "the renters were always hoping for the return of some of their visits and held back in the expectation that their hopes would be realized."

9. The Collector adds that "energetic measures" are being adopted to recover the arrears before the end of the current Zachi (30th June).

10. Under these circumstances can the hopes be recovered?

11. According to the D.C.B. Statement for the month 1877, the arrear & current balances were respectively Rs 87,247 & 46,950, and at the end of March they were Rs 67,695 & 168,607 respectively.

The current collections have not
 progressed proportionately with
 the demand. There was a reduc-
 -tion of 19,552 Rupees in
 the arrear balance - as particu-
 -larized below.

Proceedings of the Board of Revenue
of 21st May 1878.
Read the following.

No 106

From

D. Buick Esq^r

Ag. Collector of Malabar

To C. A. Gallon Esq^r

Secretary to the Board of Rev.

Madras.

Sir, I have the honor to acknowledge receipt of Proceedings of Govt^y dated 18th March last no 417 Communicated with the Board's Miscellaneous No 3531 of the 4th Ultimo, and to submit herewith a Taluquar statement of the Land Revenue and Ahare arrears outstanding in this district on the 31st December 1877.

2 The arrears under Land Revenue on that date amounted to Rs 134077 of which the sum of Rs 49628 is Ryotwar balance and the remainder is the

Peishch

Pishewah due by Sultan Ali Rajah,
less Rs 643 which falls under "Mis-
cellaneous". The Taluqs where the
arrears are most serious are those of
Wynad, Ponani and Cannad. Against
the arrear of Rupees 83926 due by Sultan
Ali Rajah, a sum of Rs 40700 is credited
to his credit in our accounts on the
1st April.

3 The arrears under "Akhari" ag-
gregate Rs 54543 and are spread
over all the Taluqs of the District.
The cause of these arrears is attrib-
utable to the drought of the past season
which seriously affected the yield of
the toddy producing trees and to the
famine which left the consumers
of liquor left to spend on drink.
Another reason no doubt is that the
renters were always hoping for
the remission of some of their tax
and held back in the expectation
that their hopes would be realized.

4 Energetic measures are being
adopted

adopted for the speedy realization
of these outstandings before the close
of the Current Fashi year. 9/9
