*Proceedings of the Madras Government, Revenue Department,
8th March 1877.*

No. 239. Read the following letter from Surgeon-Major W. R. CORNISH, F.R.C.S.,
Sanitary Commissioner for Madras, to the Hon. D. F. CARMICHAEL,
Secretary to Government, Revenue Department, dated Madras, 27th
February 1877, No. 164:—

I HAVE the honor to state, for the information of His Grace in Council, with
reference to G.O. No. 554, of the 7th February 1877, that I have perused the corre-
spondence respecting the removal of the Commissariat slaughter-house, and have
inspected the ground near the toll-bar on which it is proposed to erect a new
building.

2. If the removal of the slaughter-house from its present position is considered
"very desirable" by the Revenue authorities, there appear to me to be no valid
sanitary objections to the site chosen, which is nearer to the residence of the
Commissariat Officials, and would thus be under efficient control and supervision. A
slaughter-house could be constructed in this position so as to avoid all sources of
annoyance to residents in the neighborhood.

3. I have to request that the detailed plans of the proposed slaughter-house
and the actual position it is intended to occupy may be sent to me for opinion before
the work is commenced.

No. 240. ORDER THEREON, 8th March 1877, No. 979.

Secretary to Government.

To the Board of Revenue,
the Sanitary Commissioner,
