Dated	8-3-1977	197

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department
8th March 1877.

No. 277A. Read the following Proceedings of the Board of Revenue, dated 23rd February 1877, No. 816 :—

Read relief reports for the week ending 10th February 1877 from the Collector of the Kistna District, dated 13th February 1877, and from the Collector of Karnool dated 15th February 1877.

In continuation of Board's Proceedings, dated 19th February 1877, No. 693, the detailed relief reports from the Karnool and Kistna Districts for the week ending 10th February will be submitted for the information of Government.

2. *Prices.*—In Kistna the average prices (except of rice) have risen. The great fall in prices of cholam, ragi, and cumboo, which was noticed in the beginning of the month, especially in Belwada, has been followed by a sharp rise there and in other taluqs. In the Eastern Delta, however, these grains show a tendency to fall. The cause of these fluctuations is not known. In Karnool prices are stationary except in Markapur and Randlakota, in the former of which they have fallen considerably in sympathy with the previous fall in Kistna and in the latter slightly. The price of cholam has also fallen in Nandial.

3. No rainfall occurred in these districts.

4. The Kistna relief report does not include the Bank Canal work. On the Cummamur Channel alone 2,208 persons were employed.

5. *Karnool.*—The estimated cost of works in progress is entered as before at Rs. 2,51,548. But these figures are known to be quite unworthy, and the Collector has been ordered not to quote them further. They will be struck out of the abstract. The outlay in the week was Rupees 1,92,934, not Rupees 1,59,233 as ascribed. The outlay to date is classed as follows:—

	Rs.
Rents	21,19,378
Irrigation Works	41,717
Miscellaneous	36,688
Total	22,97,783

6. The numbers were 238,724, of which figures taluq particulars as compared with those on 3rd February are given below:—

	3rd February	10th February	
Elamalakota	53,778	50,868	— 3,410
Nandikavur	5,264	5,907	+ 3,643
Nandial	48,134	28,157	— 22,977
Sirvel	23,453	17,232	— 6,221
Kollanur	44,000	37,220	— 6,780
Belwada	26,138	26,510	+ 3,72
Cummam	16,048	18,433	+ 2,385
Markapur	7,097	18,564	+ 1,467
Total	201,704	238,731	+ 62,457

The increase in Nandial is due to applicants being more numerous, and partly to the resumption of certain works, and that in Markapur is unexplained. The great decrease in Nandial is ascribed to the cessation of the work for 1877, and that in Cummam chiefly to working and to revision of the list of persons entitled to relief, and the same influence assigned for the fall in Kollanur. In Belwada the decrease is due to working, and in Sirvel to

*Proceedings of the Madras Government, Revenue Department,
8th March 1877.*

enforcement of the law. The fluctuation is very great, and the Board hope that the returns are correct. Wages on the scale prescribed in the law, viz., 2 Annas, 1 Anna 4 Pies, and 10 Pies, are in force everywhere, but grain wages at Patkonda, 1, and 1 measure (1:64), 10, and 30, totals, and 10 Annas and 10 Annas, 10, and 30 totals are still given in some places. There is no objection in regard to the law. The number of recipients were 3,667 against 2,674 in 1876.

Enclosures 8

Submitting for the information of Government
a continuation of Board's Proceedings, dated 18th
February 1877. No. 1. The detailed relief report
from the Karnal and Mathura Districts for the week
ending 15th Feb.

By order
Revenue
1877

Revenue Department.
Proceedings of the Board of Revenue
dated 23rd February 1877

Read Relief Reports for the
week ending 15th Feb. 1877. from the Collectors
of Mathura & Karnal dated 13th Feb. 1877.
The Collr of Karnal dated 15th Feb. 1877.

In Continuation of Board's
Proceedings, dated 17th Feb. 1877. —
the detailed relief reports from the
Karnal & Mathura Districts for the
week ending 15th Feb. will be submitted
for the information of Government.

2. Prices. In Mathura the average
prices except of rice have risen. The
great fall in prices of cholera, ragi
& Bamba which was noticed in the
beginning of the month especially
in Bezwada has been followed by
a sharp rise there and in other

Feb 23 1877

tubers. In the Canton delta however
these prices show a tendency to fall.

The cause of these fluctuations is not
known. In general prices are station-
ary except in Marikapur & Ramal
where the former of which they
have fallen considerably in sympathy
with the prices fall in Rostan & in
the latter slightly. The price of Choban
has also fallen in substantial.

2. All rainfall recorded in this district.

4. The Hager relief report does not
include the Bank Canal work. In
the Commencement Channel alone 2208
persons were employed.

5. General The estimated cost of
works in progress is entered as before
as £105,000. But these figures are
known to be quite trustworthy
as the Collector has been informed

not to quote them for this. They will
be struck out of the abstract. The
outlay in the week was Rs 162,033, not
Rs 159,239 as telegraphed. The outlay
to date is claimed as follows.

Roads	21/9/78
Irrigation works	4/11/9
Miscellaneous	83083
	<u>2223880</u>

6. The numbers were 238704 of which
figure bulik particulars are compared
with those on 3rd Feb. are given below.

	3 Feb	14 Feb	
Ramalakota	53778	50518	- 3260
Chandikotkur	5214	8917	+ 3703
Chandul	46184	23457	- 22727
Perwell	23453	19282	- 4171
Belkumbha	40000	37229	- 2771
Pattikunda	26418	20577	+ 5841
Combar	76049	53418	- 22631
Marikapur	17165	18500	- 1335
	29/21	238734	- 5277

The increase in Chandikotkur is due to
applicants being more numerous &

partly to the resumption of certain
work; and that in Markapur is
unexplained. The great decrease
in attendance is ascribed to the
defect of the order for such work;
and that in Cumbum chiefly to
weeding, & the desertion owing to an
outbreak of cholera; and the same
causes are assigned for the falling
off in Markapur. In Markapur
the decrease is due to weeding &
in Tinnelli to superintendence of such
work. The expectation is very great
& it is much to be hoped that the returns
are correct. Price on the date furnished
is January 1897 2.40 10 3/4 & 10 p.
and in some instances but grain
wages at Markapur 3/4 p. & 3/8
measure (1 1/2, 43, & 23 1/2 talahs)

and in Cumbum & Markapur 3/4 40
& 30 talahs, are still given in some
places. There is no change to notice
in regard to gratuitous relief. The
number of recipients were 3507 against
3674 in 3rd February.

- The Coll. states that the case is expeditious. In the case of the other two, the case will be adjusted on receipt of information from the other.
- The discrepancy between the Talaguan & Bezonda accounts have now been adjusted.
- Do do with the exception of vol. 102
- The outlay on gratuitous relief has been adjusted.
- Report not having been received the figures of last week entered.
- Paid for new & damaged or damaged officers.
