the Patta

and to one that you are likely to have on your list.
Did not for such posts as Extra Assistant, Assistant
Commissioner of Police, & Salt Police. We are giving for
it 300. according to the class of work & this is
above comm. allowance & everything. Of course. If the
person from the Punjab, then to be allowed 500. as
even would be paid.

He must be tolerably young, have a fair knowledge
of the language & be without circumstances. As a rule they
must be prepared to spend the last months in a temporary
bungalow & not expect much comfort. They should be nice
cases & if possible take down with them. If you can
recommend any such man I can give employment to
at least 10. I shall be much obliged if you will send
them down. It will of course be understood that the
appointment is only temporary, as long as the famine lasts.
They must count on being employed till October & will in
most cases I fear have to be kept on till January.
