GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

17th August 1877, No. 240 I.

Irrigation.

No. 56. Read again Proceedings of the Madras Government, dated 19th July 1877, No. 23 I.

Read also the following paper:—

No. 56-A. From Colonel F. J. MOBERLY, R.E., Superintending Engineer, Chingleput, to the Chief Engineer for Irrigation, dated St. Thomas' Mount, 21st July 1877, No. 1,531.

In reply to G.O., No. 23 I of 19th instant, I have the honor to observe that G.O., No. 150 I of 10th instant reached me only yesterday.

2. In G.O., No. 1,548 of 2nd June 1875, paragraph 7, I was desired to inform the Collector when the scheme of distribution channels had been fairly made out, and that officer was desired to depute an Assistant or Deputy Collector to go over all the villages to examine into various matters. In paragraph 8 the Collector was desired to furnish the Controller of Public Works Accounts with information as to the amount of compensation paid and due.

3. In November 1875 I reported that the channels were all marked out with stakes, &c., and begged early inspection lest the ryots should remove them.

4. As this was very much delayed (in fact it has not been done yet), I desired the Range Officer to forward the estimates for cutting the lines as marked by him; this was done, and the papers were forwarded to the Collector in my No. 207 of 24th April 1876. In this letter I pointed out the incompleteness of my estimates owing to the absence of information as to compensation.

5. Several reminders have been sent to the Collector on the subject.

No. 57. ORDER THEREON, 17th August 1877, No. 240 I.

THESE Proceedings will be communicated to the Revenue Department, in order that it may be ascertained from the Collector why the instructions contained in paragraph 7 of G.O., No. 1,548 of the 2nd June 1875, have not been carried out.

2. The Examiner of Public Works Accounts will report what information has been furnished to him by the Collector under paragraph 8 of the same order.
