Establishment.

Read the following paper:—

No. 151. From J. O'SHAUGHNESSY, Esq., District Engineer, Nellore, to the Secretary to Government, Public Works Department, dated Nellore, 2nd August 1877, No. 1,550.

In reply to G.O., 27th July 1877, No. 193, I have the honor to report that Overseer Butler has been eight years in the department, and he must have given satisfaction on some occasions, or he would not have been promoted to his present appointment of 1st-grade Overseer. An Overseer's efficiency often depends on the way he is directed by the officer under whom he is employed, and a good deal might be said in this respect to account for the Overseer's inefficiency of late.

2. I am of opinion that the Overseer has abilities that can be turned to useful account with proper management, and I have transferred him to another division and under another officer for further trial.

No. 152. ORDER THEREON, 16th August 1877, No. 593 W.

SERGEANT BUTLER will be allowed a further trial in a new division. The District Engineer will report fully on his conduct and qualifications in the Quarterly Returns submitted to the Chief Engineer.
