Proceedings of the Board of Revenue

Dated 23rd August 1877

Read the following:-

No. 575.

From W. T. Whitaker Esqre

Collector of North Coast

To C. A. Galtrop Esqre

Actg Secy to the Board of Revenue

Madras.

Sir,

In sanctioning the estimate for removing the revetment of the causeway over the Palar river the Board of Revenue in their Proceedings dated 20th Instns. No. 3398 remarked that the protection of the work should be reserved for the future and that at present all labour should be concentrated on the Palar [illegible] ments, until they

are

...d fully and properly com=
...leted - much attention
...is accordingly paid to the
...mbankment work, and it
...is in active progress - the
...removal of the remains of the
causeway is, however, intend=
...d as easy light work for the
paupers who have regained
their strength in the Sathu=
...a Camp and have
been turned out of it in
consequence - As no other
light work was available
...n them in the
...hood of Cellon the work
in question was
in anticipat...
and carri...

...extent - The Kalas embankmen
and Dok Ditch works are
crowded with people, nearly
7000 being employed on the
two, so that the removal of the
causeway by the coolies out of
the camp will in no way
hinder the prosecution of
these works, and I trust under
these circumstances that the
Board will approve of my
action in this matter -
