No. 152. Read the following Proceedings of the Board of Revenue, dated 15th July 1876, No. 1,824 :—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 13th July 1876, No. 247 :—

I REGRET to have to report that the monsoon rain, which generally falls by the middle of June, still holds off. In consequence, a large amount of land remains unsown, and where seed has been put in, it has very generally failed to germinate.

2. This following upon last year's bad season, necessarily is a cause of great anxiety. I have already received reports from the Deputy Collector of the Hurpanhally Division (copies enclosed), that distress has begun to be felt in the Hurpanhally and Hadgally Taluqs, and I have received an application from the Deputy Collector of the Bellary Division to open relief works in the Kudlighi Taluq.

3. I have the honor to report that, under the circumstances, I have authorized the works proposed in the Hurpanhally and Hadgally Taluqs being put in hand at once. These have been selected as being near the houses of the distressed population, according to the opinion of the Board expressed in their Proceedings, No. 3,010, dated the 29th October 1875.

4. A total sum of Rupees 15,000,* *vide* Board's Proceedings, No. 3,385, of the 20th December 1875, was allotted for relief works in these taluqs. Of this, up to the end of May, Rupees 8,800 and odd have been expended on roads, and these works must on no account be now stopped.

* Rupees 3,000 from Local Funds, and Rupees 12,000 from Provincial Funds.

5. The Deputy Collector's present demand is for Rupees 6,400, and as the matter was urgent, I requested the District Engineer to grant a cheque for Rupees 3,800 as a commencement, promising that I would apply for a further allotment. This he has done.

6. I earnestly request that a further allotment from Provincial Funds may be made for these relief works.

7. A sum of Rupees 12,000 will suffice for a time.

I beg to enclose a copy of an Arzi from the Tahsildar of Hadgally Taluq, dated 4th instant, No. 211, submitting a list of urgent works* to be commenced at once for the relief of the poor men in his taluq, and to request that sanction may be granted to such sum as is at your disposal. In the event of your seeing no objection, I request that you will be pleased to address the District Engineer to have the cooly paid every evening for the work done on that day. It will be sufficient if this mode is observed until the rains commence.

In forwarding, herewith, the Kudlighi Tahsildar's Arzi, No. 286, of the 8th instant, and his last weekly season report (original already before you), I have the honor to request your consideration and orders on the proposal made by the Tahsildar to put in hand certain public works in view to afford relief to the poor, said to be in distress in some of the villages.

SUBMITTED for the early orders of Government.

2. The Government will remember that much anxiety was felt for the state of the western taluqs of Bellary last year; but a timely fall of rain prevented the entire loss of Cholum crop, and gave temporary relief. The same tract of country is now again threatened with scarcity, and the Collector proposes to spend the balance

of the 15,000 Rupees then granted on relief works, and asks for a further allotment of Rupees 12,000. The list of works seems to have been framed with a view to afford relief near the houses of the distressed people and is generally approved. The Collector will, of course, bear in mind the instructions conveyed in G.Os., dated 1st June 1876, No. 728, and 11th July 1876, No. 929, as to the nature of the works to be undertaken.

3. It does not appear that the Divisional Officers have been to the villages where distress is said to prevail. Before the expenditure of any more money, these officers should at once proceed to the localities and satisfy themselves by personal inspections of the truth of the reports they have received.
