GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

19th July 1878, No. 1,104.

Read the following paper :—

No. 205. From Lieutenant-Colonel A. DE C. SCOTT, R.E., Superintendent of Revenue Survey, to C. G. MASTER, Esq., Secretary to Government, Revenue Department, dated Ootacamund, 3rd July 1878, No. 2,288-98.

I HAVE the honor to request the sanction of the Government to the transfer of the head-quarter office of No. 3 Revenue Survey Party to Bangalore as soon as it can conveniently be carried out. The office is now at Palmanair, but the revenue survey of North Arcot, on which the Party has been mainly engaged, is drawing to a close, and field measurement will probably be completed in about four months. The Surveyors will gradually be moved into the Pennacondah Taluq situated in the south of the Bellary District, where demarcation will commence in August next. For some time to come the Deputy Superintendent of No. 3 Party will have men in the Palmanair and Chittoor Taluqs of North Arcot and in Madanapalli Taluq of the Cuddapah District in addition to those in Pennacondah, and a glance at the Map will show that Bangalore is centrally situated with regard to work so distributed, being about 70 miles distant from Pennacondah, Madanapalli, and Palmanair, respectively, and connected with these places by excellent roads. It is also connected by rail with Chittoor and Madras, and possesses a healthy climate; there will, moreover, be no difficulty in securing accommodation there for the office. It is not alone the convenience of the work in the south of Bellary which renders a change of head-quarters desirable. Palmanair has always been more or less a feverish locality, and during the present year there has been such a development of malaria, that the office has been seriously crippled by the absence of subordinates who have been affected thereby.

2. One thousand three hundred and fifty-five cases of fever have been treated by the Medical Officer at the station during the current quarter. Out of an office strength of 90 men, the daily average in hospital has been during June 25 men, while 20 others have been absent during the quarter on sick leave.

No. 206. ORDER THEREON, 19th July 1878, No. 1,104.

Miscellaneous.

HIS GRACE the Governor in Council is of opinion that the arrangement proposed is objectionable, inasmuch as it places both officers and men out of Madras territory. He desires, therefore, that the office be moved to some suitable place in Bellary, so that the Deputy Superintendent may be on the working ground of one of the three detachments into which

apparently his staff will be divided for a time. This will be better than being 70 miles from each of them.
