GOVERNMENT MADRAS.
REVENUE DEPARTMENT.

17th January. No. 118.

Read the following paper:—

No. 303. Proceedings of the Board Revenue, dated 15th October 1878,
No. 2,797.

Read G.O., Revenue Department,

4th August 1878, No. 1,306.
ABSTRACT.—*Lands irrigated by Government or Private Tanks or Channels, or by Streams.*—Directing a return of all — submitted decennially as a part of the census; requesting the Board to draw a suitable form or to consider how far the comparative statement of irrigation can be made to serve the present purpose.

The Board consider that it will be accompanied by the accompanying form. The form suggests a return of the cultivation of April to November from that which does not seem to be necessary in a census.

2. The Board beg to inquire whether the form prescribed in Board's Proceedings, dated 15th July 1878, No. 2,103, is required now that the Government have directed

that if a statement is prepared in the Government distinguishes the cultivation of April to March; such a distinction in the statement to be published with the

Annual Statement B for private works, dated 15th July 1878, No. 2,103, is required to be prepared decennially.

Revenue Dept.

Proc. of 17th Aug 1897

Back No 303

Rev. Secy.

Memo. for Orders.

Board's Proceedings dated 15th
October 1898 No. 2797.

With these Proceedings
the Board submit a form of
Statement for lands irrigated
by Govt. ~~or~~ private tanks ^{by}
channels, ~~or~~ ^{and} by streams, for
approval with reference to G.O.
No. 1878 No. 1306, and enquire
whether the annual statement
No. for private works prescribed
in Board's Proceedings dated 30th
July 1898 No. 2103 is required
now that the Govt. have direct-
ed the statement to be prepared
decennially.

2. With reference to the sug-
gestion how far the comparative
Statement* of Irrigation and
Rainfall can be made to serve
the present purpose should
be considered, the Board
remark

* Board's Proc. 11th May 1894
No. 1092.

remark that the form is unsuitable for a decennial statement inasmuch as it distinguishes the cultivation of April to November from that of December to March.

3. As to the origin and object of the Irrigation and Rainfall Statement, a reference to the marginally noted correspondence is solicited. The Statement is to be submitted to the Govt. of India annually in the Public Works Dept, and it shows the area (Govt. Duan or Zamindari) irrigated by the aid of Govt. water, whether subject to water-rate or free of charge, and whether the land is cultivated with dry crops or wet crops. The statement now required by G.O. 14 August 1878 No 1306 is to include the area irrigated by private tanks, channels and streams also. Thus it seems the Irrigation & Rainfall statement

cannot

the Board.

Can not ^{be} made to serve the present purpose. But care will have to be taken that the information which may be furnished by its means to the Govt of India may not conflict with the information which will be embodied in the new Irrigation forms for Government works that may hereafter be adopted with reference to Boards Res. dated 30 July 1878 No 2103 and 12 Nov. 1878 No 3026.

4. As to the Board's enquiry whether the

Form

Form B. prescribed for private works in the same Proceedings can now be dispensed with, a reference to the marginally noted papers is solicited. The Statement was originally prescribed at Mr Wilson's suggestion for the information of this Govt and may perhaps be dispensed with. But the decimal form does not contain all the information which the B. form does - for it does not distinguish "dry" irrigated from "wet," neither does it provide for the "estimated cost of the work originally" and "estimated amount of

of annual repairs". Further the ~~V.B.~~^{V.B.} form is ~~to exhibit~~ separately detail for "such works as yield a revenue of Rs 500 and upward, the rest being shown in a lump under the several classes such as wells, tanks etc," while the decimal form is not to show details for any work however large, but is to be lumped with other works of its class.

1st Assistant Secy.

E. J. M. P.

Mem for Board

Form of Statement
for land irrigated
by Govt or private
works.

No 4788

S.O. dated 1st March 1879 No 118

2797
118

Read the following paper

No 303 - Proceedings of the Bd of 15th to 1878 No 2797

Read G.O., Revd of 1st Aug 1878 No 1306

Abstract - Land irrigated by Govt or private Tanks or channels
or by streams - directing a return of all - to be submitted
decennially as a part of the census; requesting the Board to
draw up a suitable form or to consider, how far the
Comparative Statement of irrigation & rainfall can be
made to serve the present purpose.

The Board consider that it will be sufficient if a
statement is prepared in the accompanying form. The
form suggested by Govt distinguishes the cultivation of
April to November from that of December to March; such
a distinction does not seem to be necessary in a decennial
statement to be published with the census.

2. The Board beg to enquire whether the Annual
Statement B for private works prescribed in B.O. No 2103 dated
30 July 1878 is required now that the Govt has directed
the statement to be prepared decennially.

No. 2,797.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th October 1878.

Read G.O., Revenue Department, dated 14th August 1878, No. 1,306.

ABSTRACT.—*Lands irrigated by Government or Private Tanks or Channels, or by Streams.*—Directing a return of all — to be submitted decennially as a part of the census; requesting the Board to draw up a suitable form or to consider how far the comparative statement of irrigation and rain-fall can be made to serve the present purpose.

The Board consider that it will be sufficient if a statement is prepared in the accompanying form. The form suggested by Government distinguishes the cultivation of April to November from that of December to March; such a distinction does not seem to be necessary in a decennial statement to be published with the census.

2. The Board beg to enquire whether the annual Statement B for private works prescribed in Board's Proceedings, dated 30th July 1878, No. 2,103, is required now that the Government have directed the statement to be prepared decennially.
