GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

26th July 1878, No. 1,181.

Read the following papers:—

No. 360. Endorsement of the Secretary to Government, Public Works Department, dated Ootacamund, 10th June 1878, No. 2,520.

Read the following letter from Major H. W. WOOD, R.E., District Engineer, Vizagapatam, to Colonel E. A. FOORD, R.E., Chief Engineer, Public Works Department, Buildings and Roads Branch, dated Waltair, 1st June 1878, No. 461.

I HAVE the honor to report, for your information, that the Acting Collector of the district has requested me to suspend the erection of the Salt Cutcherry at Kuppili,—a work which was entered in the Imperial Budget for the year 1878-79, and which has been already commenced.

2. I have accordingly ordered the discontinuance of work which had already been commenced somewhat energetically, owing to my having found a contractor who had undertaken its execution. I would beg the favor of being instructed, at as early a date as possible, of the future intentions of Government in reference to the work.

3. I beg to annex a copy of the Collector's letter on the subject.

ENCLOSURE No. 1.

From the Collector of Vizagapatam, to the District Engineer, Vizagapatam, dated 28th May 1878, No. 682.

I BELIEVE that the Salt works at Kuppili will be altogether closed from the 1st July next as a place of manufacture; I have, therefore, to request that any preparations you may have made to prosecute works there (for which grants appear in the current year's budget) may be suspended.

TRANSFERRED to the Revenue Department with the request that it may be definitely decided whether the work is to be abandoned for good.

(Signed) E. A. FOORD, Colonel, R.E.,
Secretary to Government, P.W.D.

REFERRED to the Board of Revenue for report.

No. 361. Proceedings of the Board of Revenue, dated 28th June 1878, No. 1,801.

Read Proceedings of the Madras Government, Revenue Department, dated 13th June 1878.

ABSTRACT.—Referring to the Board of Revenue for report letter from District Engineer, Vizagapatam, requesting whether the work of the Salt Cutcherry at Kuppili is to be abandoned for good.

The abandonment of Kuppili was recommended by the Salt Commission and approved by the Board. It has recently been decided,* however, to defer the abolition of that salt-station until the Commissioner of Salt Revenue has had an opportunity of visiting the locality and conferring with the District Officers on the subject. The erection of the Salt Cutcherry may, therefore, be allowed to proceed, as looking to the difficulty experienced in maintaining a sufficient supply in Vizagapatam, there is no immediate prospect of the station being closed.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 24th June 1878.

Read the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madras, 19th June 1878, No. 400 :—

WITH reference to the Board's Proceedings, No. 1,122, dated 26th April 1878, I have the honor to state that I find that strong objections are entertained by the local officers to the abolition both of Kuppili and of Sunnapagunta salt stations. With the Board's permission therefore I will write to the Collectors concerned not to take any steps in this direction until I have had an opportunity of visiting the stations and of conferring with the local officers best acquainted with the subject. A little delay can do no particular harm and is even advisable in the case of Kuppili, as there seems to be so much difficulty in keeping up stocks in Vizagapatam.

MR. BLISS' proposal is approved.
