GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

5th August 1878, No. 1,242.

Read the following paper:—

No. 65. Proceedings of the Board of Revenue, dated 15th July 1878, No. 1,963.

Read the following letter from W. E. WRIGHT, Esq., Superintendent of Stamps, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madras, 9th July 1878, No. 827:—

WITH reference to the Proceedings of the Board of Revenue, dated the 4th instant, Miscellaneous No. 6,581, communicating G.O., dated 24th ultimo, No. 955, regarding the Accountant-General's proposal that the work of impressing stamps for the Mysore Government and for the Hyderabad Assigned Districts be transferred to the Stamp Office, I have the honor to state that the arrangement seems, as observed by the Accountant-General, most suitable, and that I can see no objection to the transfer.

2. But in view to the general discontinuance of the practice of impressing stamps and to guard against forgery, I would urge the desirability of obtaining for these States at cost price non-Judicial stamped papers of English manufacture similar to those in use by the Government of India. These stamps should, of course, be treated as those of local manufacture at present are before issue for sale, or they might have the words "Mysore" and "Hyderabad Assigned Districts" printed across the face of the stamp.

SUBMITTED to Government with reference to G.O., dated 24th June 1878, No. 955.

2. The Board think that some such arrangement as that suggested in the second paragraph of Mr. Wright's letter will be the most suitable, but it will be necessary to ascertain the views of the Government of India and of the Administrations concerned.

Stamps.

The Government sanction the transfer of the stamping machines to the Superintendent of Stamps who will, until further orders, execute stamping work for the Mysore Government and Hyderabad Assigned Districts.

2. The machines not required for this purpose will be dismantled as directed by the Government of India, and the establishment hitherto employed in connection with them be reduced to the smallest possible limit consistent with the increase of denotation work.

3. The Superintendent's suggestions in paragraph 2 will be communicated to the Government of India and Chief Commissioner, Mysore.
