GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

18th January 1879, No. 131.

Read the following paper :—

No. 328. Despatch from the Right Honorable the Secretary of State for India.

Revenue,
No. 43.

INDIA OFFICE, LONDON,
28th November 1878.

MY LORD DUKE,—I have received your Grace's letter, No. 44, of the 20th September, forwarding a copy of the Annual Report of the Superintendent of Government Farms for the year ending the 31st March 1877, together with copies of the Proceedings of your Government and of the Revenue Board thereon.

2. This report, which is dated the 29th September 1877, appears to have been forwarded to your Government only on the 16th May last, but no reason is given for the delay. I observe that orders have been passed for future reports to be despatched to the Board of Revenue not later than the 30th June, and for their preparation in such a manner as to show the extent of cultivation and the financial results of each year's operations.

3. The report under review is accompanied by particulars of the Agricultural College which was established in 1876 in connection with the Saidapet Experimental Farm. The results here reported are encouraging so far as they demonstrate a desire by natives from different parts of India for agricultural education. I do not, however, find it anywhere stated what is likely to be the annual cost to the State of this institution, and I take this opportunity of reminding your Grace that the information asked for in paragraph 4 of my predecessor's despatch, No. 6, of the 31st January last, has not yet been furnished, except indirectly in the papers now before me. I desire that full particulars relative to this college, together with a statement of its probable receipts and expenditure, may be reported at an early date for my information.

I have, &c.,
