GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

10th September 1878, No. 1,470.

Read the following papers:—

No. 106. From Lieutenant-Colonel A. DE C. SCOTT, R.E., Superintendent of Revenue Survey, to C. G. MASTER, Esq., Secretary to Government, Revenue Department, dated Chepauk, 19th August 1878, No. 2,392-124.

I have the honor to forward an emergent supplementary indent, in triplicate, for 72 lbs. of lithographic printing ink required by the Revenue Survey Department during the official year 1878-79 on account of the general service of the Government of India.

2. I beg to suggest that the ink applied for may be procured from Messrs. Day and Sons or from a good manufacturer, and that it may be specially made up by them for use at a temperature of, say, from 96° to 75°.

No. 107. From the same Officer, dated Chepauk, 2nd September 1878, No. 3,094-126.

In reply to your Official Memorandum of the 20th ultimo, No. 182, I have the honor to inform you that lithographic printing ink has hitherto been made up by the officer in charge of the lithographic branch of this office from material purchased in the local market. It is thought that ink ground up in England will work better than that manufactured here.

No. 108. ORDER THEREON, 10th September 1878, No. 1,470.

Miscellaneous.

ORDERED that the indent, received with the first of the letters above recorded, be forwarded to the Secretary of State for compliance.

(True Extract.)

(Signed) L. A. CAMPBELL,
Under Secretary to Government.

To the Superintendent of Revenue Survey.

Rcd. W. H. French.
