GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

7th October 1878, No. 1,621.

Read the following paper:—

No. 58. Proceedings of the Board of Revenue, dated 24th September 1878, Miscellaneous No. 9,849.

Read the following letter from Lieutenant-Colonel R. H. BEDDOME, Conservator of Forests, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Palney Hills, 3rd September 1878, No. 856.

WITH reference to your Official Memorandum, dated 28th ultimo, No. 1,040, I have the honor to inform you that as yet very few of our officers have sent in samples and reports of the gums and resins of their Forest Divisions, though many reminders have been sent from this office. I have again sent a circular on the subject, and will submit by the end of the year all the samples and information that can be procured from the different divisions. The fact is, very few of these gums or resins are utilised locally or known in the district markets, and I am afraid that very few of our officers know anything about them or about the trees or plants which yield them, so that the collection will, I think, have to be completed from samples in the Madras Museum, where also much more is known on the subject. The Board are aware that our officers have, as a rule, been debarred from having anything to do with hill produce, so they cannot be expected to know much on the subject.

SUBMITTED to Government with reference to G.O., dated 6th March 1875, No. 372.

Acting Sub-Secretary.
