Revenue Department

No.1625.

Proceedings of the Madras Government

Under date the 8th October 1878.

Read the following Proceedings of
 the Board of Revenue dated 20th July
 1878 No.2023.

The decision of the Secretary of State directing
 the substitution of "Beriz" deductions for the existing
 cash payments to religious institutions is peremptory
 and should forthwith be carried out throughout the
 Presidency. In doing so, close attention should be
 paid to the limitation of the change to what is ordered
 viz. payment for religious service.

2. His Grace the Governor in Council observes that
 the District statements include payments for educational
 services and for choultries, and that in Trichinopoly
 the allowance for the maintenance of Wallajah's Tomb
 which is payable to the Prince of Arcot or his agents
 is included. These payments are not of the kind from
 which the Government desire to dis sever themselves
 and their disbursements from the Treasury should be
 continued as hitherto and not be commuted for rent
 charges on village revenues.

3. Great care is necessary in making the change
 and all doubtful cases should be reported for orders.

2.
The Board will prepare and issue such detailed instructions as may appear necessary for carrying out the measure, giving all needful discretion to local Officers to meet special circumstances.

4. When complete effect has been given to these orders the Board will submit a final report on the subject.

No. 2,023.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 20th July 1878.

Read the following letters:—

From W. F. GRAHAME, Esq., Acting Principal Assistant Collector in charge, Ganjam, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Chatterpore, 19th May 1877, No. 657.

In answer to paragraph 4 of the Board's Proceedings of the 9th September 1876, No. 2,302, I have the honor to submit a complete statement of the existing cash payments to pagodas and other religious institutions in this district, and to state that I see no objection to making in this district arrangements similar to those sanctioned for Tinnevely.

2. I think, however, that to admit the system being practically worked in Ganjam, it will be necessary to make some alteration in the now prevailing instalments of the payments.

3. As I understand the proposed arrangement, it is that village officers shall deduct from the collections of each village the amount of the allowances due to the religious institutions of that village and pay the amount so deducted to the managers of the institutions, remitting to the Treasury only the balance of the collections and duly accounting for the deductions.

4. All the annual allowances will fall due at the beginning of the fasli, i.e., in July, when in many villages there are no collections from which to make the payments. It would not be fair to the recipients if Government put off payment till collections are made, which would not be till the first kist falls due in December. On the other hand it would not be advisable to make village officers hold over part of the previous collections to meet the payments in July. The best plan, which will meet both difficulties, seems to be to arrange that instead of being paid as now, at the beginning of the fasli year, the allowances be paid at the beginning of the calendar year when collections are brisk.

5. In the case of monthly allowances it would be advisable to arrange for turning them into annual allowances payable in January or in January and March as there would generally not be enough money in the villages from which to make payments between March and January.

6. Again there may some times be so excessive season as to necessitate the remission of so much of the revenue of a village to religious institutions with allowances as to have an insufficient sum for payment of the allowances. In such a case a temporary arrangement would have to be made for the payment of the allowances from the collections of other villages, for I presume that even a temporary measure direct payment from the Treasury will not be allowed.

7. I do not see how the system of beriz deductions, as the proposed arrangement is called, will bring about the object aimed at by Government, which seems to be to take from such payments all appearance of their being given by a Christian Government in aid of idolatrous institutions. Money collected on behalf of Government by village officers is no less Government money than money in a Taluq or Huzur Treasury, and in fact is looked on as such by Government Officers and the public. Payments therefore from village collections are as much payments by Government as though made from a Treasury and they will be so regarded by the people.

8. Moreover the appearance of Government aid to these institutions, which it is desired to avoid, will probably be made greater by transferring from Treasury to village officers the duty of making the money payments. Village officers

rally more strongly imbued than others with feelings of veneration for their village gods and are more interested in religious institutions. They will not fail to take advantage of the position given them by the proposed arrangement to exercise a certain amount of control over the management of the institutions and of check over the expenditure of the funds. This will seem to be a greater interference by Government in the affairs of religious institutions than there is now, and that is the reverse of what is now aimed at.

9. Further I do not see how Government can sever their connection with and avoid all appearance of interference with these institutions so entirely as they appear to wish. The payment of allowances is always contingent on the maintenance of the institutions concerned, and the discontinuance or suspension of worship in any institution will be followed by the discontinuance or suspension of its allowances. Government must therefore to protect itself, ascertain that each institution is properly maintained to entitle it to its allowances. Some check is in fact now exercised in this office by annual returns submitted by taluq officers which show whether the several pagodas are in repair or not. I presume, however, that the mere existence of a pagoda being in repair would not justify payment, but that before payment is made it should be ascertained that worship is duly performed. Without such a check, Government might be the losers in the long run by continuing payments to institutions not properly kept up, as it is unlikely that the worshippers in charge of the institutions, who mostly receive the payments, will do their duties properly if they are sure to receive the payments, whether they perform the worship or not. The watchfulness or integrity or conscientiousness of the Temple Committees appointed under Act XX of 1863 are not always to be depended on, and no party will come forward to expose any short-comings at the risk of the displeasure of the parties interested.

The payment of the allowances, directly or indirectly by Government, is thus inseparably connected with the well-being of the institution, and so long as the former is continued the latter must be regularly ascertained to guard a misappropriation of the funds.

GANJAM,
19th May 1877.

(Signed) W. F. GRAHAME,
Acting Principal Assistant
Collector, in charge.

From R. J. MELVILLE, Esq., Collector of Vizianapatam, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Vizianagram, 16th November 1876, No. 1,641.

WITH reference to Board's Proceedings, No. 2,302, of 9th September last, I have the honor to inform you that no cash payments are made to pagodas and religious institutions in this district, and consequently no statement is submitted.

From W. S. FOSTER, Esq., Collector of Godavery, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 16th July 1877, No. 194.

WITH reference to paragraph 4 of the Board's Proceedings, dated 29th September last, I have the honor to forward herewith a complete statement of the existing cash payments to pagodas and religious institutions in this district.

2. As regards the introduction of the system of paying their emoluments by deduction from village beriz, I have consulted the wishes of the trustees of the said institutions. Some of them are in favor of the system while others are against its introduction. Many of the emoluments involve small sums, and if the present system be continued, it seems to me that it is rather a hardship to them to go monthly or annually for drawing them from Taluk Treasuries, which are in some cases at a distance from their respective stations. All the institutions, with the exception of the pagoda of Kunti Mathava Swamivaru at Pittapuram, a Zemindari village, are in Government villages.

3. Under the circumstances described above, I do not see any objection to the arrangements similar to those sanctioned for Timmelly being made in this district.

(Signed) G. D. LEMAN,
Collector.

From J. GROSE, Esq., Collector of Nellore, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 21st September 1877, No. 4,967.

WITH reference to the Board's Proceedings, No. 2,302, dated 9th September 1876, I have the honor to enclose a statement of the existing cash payments to pagodas and religious institutions in this district.

2. There are 107 cases involving a monthly payment of Rupees 890-9-10.

3. Unless some very important object is to be gained by the introduction of the system of beriz deduction it will be better to leave matters as they are.

From R. W. BARLOW, Esq., Collector of Chingleput District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Saidapet, 18th August 1877, No. 616.

With reference to Board's Proceedings, dated 9th September 1876, No. 2,302, I have the honor to forward herewith a statement showing the cash payments made annually to pagodas and religious institutions in this district.

2. As regards the system of beriz deduction being adopted instead of payments, as at present, from public treasuries of the existing money endowments to such institutions, I see no difficulty in carrying out in this district arrangements similar to those sanctioned for Tinnevely, though they must entail extra labor and inconvenience to both village and taluq authorities.

From J. H. GARSTIN, Esq., Collector of South Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cuddalore, 28th October 1876, No. 504.

In reply to the concluding paragraph of Board's Proceedings, dated 9th September last, No. 2,302, I have the honor to state that the statement therein called for is *nil* for this district, as all cash payments to pagodas and religious institutions were commuted into grants of land revenue so far back as Faslis 1268 and 1275.

From F. R. H. SHARP, Esq., Acting Collector of Tanjore, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Vallam, 6th April 1877, No. 1,304.

With reference to paragraph 4 of the Board's Proceedings, dated 9th September last, No. 2,302, I have the honor to submit a statement showing the existing cash payments to pagodas and religious institutions in this district and to state that there is no objection to these payments being made from the village beriz instead of direct from the treasury.

VALLAM,
6th April 1877

From W. McQUHAE, Esq., Collector of Madura, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Dindigul, 18th August 1877, No. 558.

With reference to paragraph 4 of the Board's Proceedings, dated 9th September last, No. 2,302, I have the honor to submit a complete statement of existing cash payments to religious institutions in this district.

2. The Devasthanam Committees object to the proposed change and I think with reason. The village officers will not be punctual in collecting and remitting the revenue assigned to the pagoda trustees, and in bad seasons such as the present they will experience much difficulty and delay in obtaining their money even if the assignments are made out of the revenues of good villages, and do not exceed half their total amount. I confess I do not see the advantages to be derived from the proposed change. The payments must still appear in the revenue accounts and be made by the servants of Government. They will merely be rendered precarious instead of certain.

MADURA,
22nd August 1877.

(Signed) T. RAM ROW,
Deputy Collector for Collector.

From W. LOGAN, Esq., Collector of Malabar, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Calicut, 15th May 1877, No. 120.

With reference to the Proceedings of the Board of Revenue, No. 2,302, dated 9th September 1876, I have the honor to report that there are no pagodas or religious institutions receiving cash payments in this district.

From W. H. COMYN, Esq., Acting Collector of South Canara, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Mangalore, 14th May 1877, No. 821.

With reference to the Proceedings of the Board of Revenue, dated 9th September 1876, No. 2,302, which have recently been brought to my notice, I have the honor to state that no cash payments are now made to pagodas and other religious institutions in this district, the assignment of land revenue in lieu thereof, sanctioned by Government in their Proceedings, dated 7th August 1869, No. 2,288, Revenue Department, having already been made, and title-deeds issued by the Inam Commissioner.

From W. H. GLENNY, Esq., Sub-Collector in charge, Bellary, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Bellary, 10th May 1878, No. 53.

With reference to the Proceeding of the Board of Revenue, No. 2,302, dated 9th September 1876, I have the honor to forward a list of the existing cash payments to pagodas and religious institutions in this district. The division officers report that the existing practice of making payments from treasuries is simpler and safer for all purposes of the institutions. I agree with them and forward copies of their reports.

BELLARY,
9th May 1878.(Signed) W. H. GLENNY,
Sub-Collector in Charge.

ENCLOSURE No. 2.

From W. H. GLENNY, Esq., Sub-Collector, to J. H. MASTER, Esq., Collector of Bellary,
dated 12th February 1877, No. 32.With reference to your footnote appended to Board's Proceedings, No. 2,302, dated 9th
September last, and docket, No. 358, of 3rd instant, I have the honor to submit, herewith, a

complete statement of the existing cash-payments to pagodas and religious institutions in the Sub-division and to report that there is no necessity to make payments as deductions from the village beriz.

From H. T. ROSS, Esq., Acting Head Assistant Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Pennakondah, 19th September 1877, No. 747.

With reference to your foot-note to Board's Proceedings, No. 2,302, dated 9th September 1876, and your docket No. 2,941, dated 15th instant, I have the honor to submit a list showing the money-allowances to pagodas and religious institutions in the taluqs of Pennakonda, Dharmavaram and Madaksera. The list for Hindapur Taluq has not yet come to hand, a reminder has been sent and it will be forwarded soon after its receipt.

2. With reference to the latter part of paragraph 4 of the Proceedings under reply, I have the honor to state that the majority of my Tahsildars are of opinion that the existing arrangement of paying monthly from the Treasury is the best, as it secures the regularity and punctuality of service on the part of the Poojaries and other servants. Under the present system the fear of the monthly allowance being withheld should they misbehave keeps them steady at work. Besides this, the payment of these allowances from time to time will be more useful to the payees and is calculated to have a better effect on their conduct than the payment of a lump sum once a year.

From V. VENKATACHELLUM, Deputy Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Hospett, 25th January 1877, No. 17.

With reference to your note appended to the Proceedings of the Board of Revenue, dated 9th September last, No. 2,304, I have the honor to submit a statement showing cash-payments which are being made to pagodas and religious institutions in the taluqs of my division.

2. I beg to report that the worshippers and the managers of the Temples do not wish their payments to be converted into deductions from the beriz of the villages. The Tahsildars also do not recommend it.

3. It appears to me that assigning the existing cash-payments on the beriz of the village will destroy the present good condition.

4. Now monthly cash-payments are made for services rendered. If the servants have to depend on village revenue they will have no salary for more than six months when there were no kists. If the salary for the year be paid at one time, and if the servant die or refuse to serve, there is no emolument for the successor who may be appointed to him until the end of the year.

5. In a famine year like this, there may be no collection at all in the village and the institutions will suffer by it.

6. If annual payments are made, the servants may evade service for eleven months, and attend in the twelfth month and receive salary for the year.

Arzis of the Tahsildar of Harpunhalli, dated 6th November 1876, No. 352.
Hargalli, dated 24th November 1876, No. 440.
Hospett, dated 30th December 1876, No. 736.

7. I beg to enclose the arzis of the Tahsildars noted in the margin.

From N. MURGESUM MOODELLIAR, Deputy Collector, to J. H. MASTER, Esq., Collector of Bellary, dated Kunacul, 7th February 1877, No. 83.

Referring to your footnote on the Proceedings of the Board of Revenue, No. 2,302, of the 9th September last, I have the honor to forward herewith a statement showing the amount of existing cash-payments to pagodas and other religious institutions in the taluqs of Raidrug and Kudlighi, and to state that there appears to be no necessity to resort to the proposed system of making such payments as deductions from the beriz of the village, the existing practice of making the same from the Government Treasury being simpler and safer for all purposes of the institutions.

(True Copies.)

(Signed) W. H. GLENNY,
Sub. Collector in Charge.

From W. S. FOSTER, Esq., Acting Collector of Kurnool, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Kurnool, 23rd October 1876, No. 473.

With reference to the Board's Proceedings, No. 2,302, of the 9th September last, I have the honor to report that no cash payments are made to religious institutions or pagodas in this district, but that a sum of Rupees 62-12-6 was remitted every year on certain lands in the Nandial and Ramalkota Taluqs, the assessment on which was assigned some years ago for the use of the following Hindu temples in lieu of money allowances paid from the Huzur Treasury:—

Taluq.	Village.	Name of Temple.	Amount remitted.		
			RS.	A.	P.
Nandial ...	Nandial	1. Anjaneyasawmy ...	15	8	0
		2. Chowk Mahazed ...	15	8	0
		3. Bhimaswaraswamy ...	3	15	6
Ramalkota.	Kallur	1. Viranganeyaswamy ...	14	6	0
		2. Virabhadraswarasamy ...	13	7	0
			62	12	6

The Board of Revenue, in paragraph 6 of their Proceedings, No. 1,345, dated the 23rd May 1876, directed that assignments of lands should be made in these five cases as well, and the assignments will be made in the current Fasil. There is therefore no necessity for the arrangements similar to those sanctioned for the Tinnevely District being made in this district.

From J. F. PRICE, Esq., Acting Collector of Cuddapah, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Nandialampett, 27th October 1877, Extra No. 2,446.

In reference to the Proceedings of the Board of Revenue, No. 2,302, dated 9th September 1876, I have the honor to forward a complete statement of the existing cash payments made to pagodas and religious institutions in this district.

2. From the reports which I have received it appears that the Trustees of these institutions are very averse to the proposed system of payments by deductions from the beriz of villages.

3. Their principal objections are—

(a.) That the allowances instead of being, as at present, paid quarterly would be paid in instalments between December and March and that during the rest of the year they would have only the arrear collections to look to.

(b.) That the servants of the pagodas and mosques would, if payments are not made, as at present, at regular intervals, neglect their duties during the period that there are no payments, and that they would then probably resign.

(c.) That, in the event of a death occurring amongst the servants of a religious institution just after the time that payments according to the kists were made, there would be a difficulty in filling up the post until the time for the payments came round again.

(d.) That there will be difficulty in getting the money from the village officials, by whom the collections would be made.

4. The obvious reply to these is that if the money is not paid when collected the Trustees should complain to the Revenue authorities and that it is their business to so arrange, with regard to the money received, that the payments to the servants employed by them shall be at regular intervals during the whole year.

5. The question is whether this system would not be the cause of more quarrelling and of more trouble and labor to the Revenue officials than that which at present exists.

From A. WEDDERBURN Esq., Collector of Coimbatore, to H. E. STOKES, Esq.,
Acting Secretary to the Board of Revenue, dated 1st January 1877.
No. 3.

As REQUESTED in paragraph 4 of the Proceedings of the Board of Revenue,
dated 9th September 1876, No. 2,302, I have the honor to forward a statement
showing the existing cash payments to pagodas, and to state that I see no objection
to arrangements similar to those sanctioned for Tinnevely, viz., the system of
beriz deductions in certain villages, being made in this district.

WINSOM,
for Collector.

COIMBATORE,
30th October 1876.

(Signed) J. C. WINSOM,
Dy. Collr., in charge of Treasury, for Collector.

From C. T. LONGLEY, Esq., Collector of Salem, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Salem, 28th August 1877, No. 495.

With reference to paragraph 4 of the Board's Proceedings, No. 2,302, dated 9th September 1876, I have the honor to enclose, herewith, a statement showing the existing cash payments to pagodas in this district and the villages from the revenues of which the Committees appointed under Act XX of 1863 desire payments to be deducted in future. Of all the Temple Committees that of Oosoor is the only one that consents to the payments being made out of the revenues of villages instead of from the Taluq Treasury. They, however, state that, whenever the collections in any village fall short of the requirements of the pagodas, the difference should be made good at once from the Treasury. The Oosoor Committee further propose that, if the Government choose to give them as Inams in lieu of money allowances the villages from the revenues of which they desired the payments to be deducted, they will be prepared to pay up to Government any excess in the revenue as Jodige, but that in such case Government should, in fixing the assets of the several villages, make a deduction of 25 per cent. from their present beriz, in order to enable them to meet the expenditure for the repairs of tanks or other contingencies.

2. All the other Committees object to the proposed system on the following grounds:—

First.—That the collections in villages are always fluctuating so that in a season like the present there would be little or nothing to meet the payments to the pagodas;

Second.—That, as the kists extend over only six months of the year, the collections in the remaining six months will generally be short of the requirements of the pagodas;

Third.—That if, on the contrary, the allowances due for a whole year are made within the first six months, when the kists are collected, the money will be liable to misappropriation, and in such a case as well as in the event of a death or dismissal among the Trustees the Committees will have to go to a Civil Court to recover the sums so advanced;

Fourth.—That, as the payments from the beriz deductions will be entrusted to village officers, their favor will have to be purchased not unfrequently by the Trustees either to make the payments regularly or to be sufficiently active in their own duty of collections that they may be able to pay them (*Trustees*); and

Fifth.—That the system will foster disputes between the Trustees and Committees.

3. My own opinion is that there is much truth in these objections, and I deprecate the proposed change.

(Signed)T. PRITCHARD,
Deputy Collector,
for Collector.

From W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq.,
Secretary to the Board of Revenue, dated Chittoor, 11th January 1877,
No. 20.

WITH reference to paragraph 4 of the Board's Proceedings, No. 2,302, dated 9th
September last, I have the honor to forward herewith a statement of the existing cash
payments to pagodas and religious institutions in this district, and to state that I see
no objection to arrangements similar to those sanctioned for Tinnevely being made
in this district.

CHITTOOR,
18th January 1877.

(Signed) W. S. WHITESIDE,
Collector.

From H. SEWILL, Esq., Acting Collector of Trichinopoly, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated 28th July 1877, No. 262.

With reference to Board's Proceedings, dated 9th September last, No. 2,302, I have the honor to submit herewith a statement showing the existing cash payments to the pagodas and religious institutions in this district.

2. On the receipt of the above Proceedings I wrote to all the Devasthanam Committees in the district asking them if they would agree to the payments at present made in cash being deducted in the beriz of the villages. The Committees of the Trichinopoly and Kulittalai Taluqs, which are the most important in the district, have replied to the effect that they could not give their consent to the proposal as it would simply make matters worse because of the constant disagreement among the trustees, which often results in the non-receipt, for several months after it falls due, of the amounts due to pagodas, and which the Committee have no power to check. If this is the case under the present cash payment system they seem to think that it will be much worse under the proposed system, and in consequence will never answer.

3. The Committees of the other taluqs, to whom several reminders were sent, have not as yet sent in their replies. These bodies do not appear to work on any system, and I therefore do not expect any reply from them.

From W. H. COMYN, Esq., Officiating Commissioner, Nilgiris, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Ootacamund, 25th October 1876, No. 94:—

With reference to Board's Proceedings, No. 2,302, dated 9th ultimo, requesting all Collectors to submit a complete statement of the existing cash payments to pagodas and religious institutions in their districts, and to state whether there is any objection to arrangements similar to those sanctioned for Tinnevely being made in lieu of cash payments, I have the honor to inform you that there are no pagodas or religious institutions to which cash payments are made in the Nilgiri District.

With reference to the decision of the Secretary of State, conveyed in G.O., dated 17th August 1876, No. 1,119, that the allowances hitherto paid to religious institutions in Tinnevely from the Government treasury should in future be paid in the shape of beriz deductions, Collectors of the several districts were called upon to submit a statement showing the existing cash payments in their districts, and to report whether there is any objection to their being converted into beriz deductions as has been ordered with respect to Tinnevely. The letters read above are in reply.

Some of the Collectors object to the change proposed, and it is generally distasteful to the trustees of the institutions; but from the correspondence that has taken place on the subject there appears to be no alternative but that payments should in future be made in the shape of beriz deductions, the object being the severance, as far as possible, of the connection of Government with the religious institutions of the country. Memo. for orders.

Proceedings of the Board of Revenue regarding proposals of certain Collectors to convert cash payments to Religious Institutions to Beriz deductions.

H.E. 20th July 1878 No. 2028

With the foregoing proceedings the Board submit letters from all Collectors except Tinnivelly regarding the proposal to convert cash payments to Religious Institutions to Beriz deductions. This proposal is with reference to the decision of the Secretary of State made in his despatch of 22nd June 1876 No. 23/ in regard to

[Signature]
made 17th August 1876
no 1119.

The papers are simply a recital of the many difficulties & vexations that must arise in carrying out the directions of the Secy of State — but the mode in which the endowment of certain Pagodas in the Tinnivelly district should be paid. The essence of the decision is to revert to the system of "Beriz deductions" which

should be paid direct to the Pagodas,
the entire management of the villages
being retained in the hands of the
government authorities. This decision
in accordance with the proposal
made by the Madras Board of Revenue

para 8 of B's No recorded
G.O. 4th May 1875 No. 686. N.D.
In giving effect to this decision in
respect of Tinnevely, the Board
requested the Collectors of all other
districts to submit a complete
statement of the existing cash
payments to Pagodas and religious
institutions in their districts, and
state whether there is any objection
to arrangements similar to those
aforementioned for Tinnevely being made
in their districts.

The Collectors' replies to this
Call are contained in the Current
paper for disposal, and the

Argument - The principle
has been decided upon
the basis in the matter
of the local C.O. & S. P. and all that remains
is to apply it.

For without making
any details direct the
measure to be carried
out forthwith. In doing
so many matters will
arise which the B. must
general instructions issued

vide B's No para 4 recorded
in G.O. 13th October 1876 No. 1477.
It is in the cases as
the arise old be empowered
to deal with without for
the reference of B.
B's must be
to issue orders
accordingly leaving all
needful details to
local officers & District
Special Enquiries
B's M.

I am in opinion that
the decision must be carried
out. The charge on the B.
of the shape distributed for
each pagoda from the B.
for religious service. But
the limit of the charge for
B's is over. It is for
religious service. The limit
is that it is an institution
for the B's service. It
is the maintenance of Churches
in the B's. The main
purpose of the B's is to
maintain the B's.

Board in submitting their forward
observed that although none of
the Collectors object to the change
on the ground that it is ^{generally} distasteful
to the trustees of the Institutions
there appears ^{to be} no alternative but
that payments should in future
be made in the shape of B's
deductions, the object being the
revenue, as far as possible, of
the connection of Government with
the religious institutions of the country.
The correspondence which took place
on the subject prior to July 1874
is summarized in a Memo. attached
to G.O. 26th August 1874 No. 1086,
and the subsequent correspondence
as per margin has terminated
in the Secretary of State's decision
already adverted to. No price
that correspondence is given here
as it does not appear to be suitable
to the disposal of the present paper.

Cash payments are now made

to the extent of Rupees 3,33,096-2-3

in 14 districts besides Tumkur and there are now in 6 districts.

There are many minor points on which Collectors have expressed difficulties, but which the Board have not touched upon in their review which is very short.

For instance the Collector of Ganjam suggests

(1) Where payments are now made to Pagodas in July, they should be made payable in January, for there will be no funds in villages in July.

(2) In the case of monthly allowances, they should be made turned into annual allowances, payable in January or in January and March.

(3) Provision should be made for payment from villages other than the one fixed, when necessity arises.

(4) How will the Govt. hereafter ascertain that each institution is

from B. the Govt. drain
2 dis. from Tumkur
to this dis. in revenue
from the Treasury to the
continued as before. It
not be committed for
the charges on Village
incomes. It is however
that the judgment

Some officers of the
Mr. W. Swell could for
a moment suppose that
the Govt. drain to them
the Prince of Wales
to the Government of
Village to obtain the
allowance for the main
the 2nd part of the
Wahajit. is properly
enrolled. It is however
known that the Government
must be informed in
making the change. It
doubtful cases. It is
expected to be

properly maintained to enable
it to its allowances, if the Govt.
were to sever all their connection
with the religious institutions of the
country.

Similar difficulties are raised
by the district officers of Bellary.

Mr. Price, the late Collector
of Cuddalore summarises the
principal objections of the trustees
to the proposed change -

(a) "that the allowances instead
of being, as at present, paid quarterly
would be paid in instalments during
December and March and that
during the rest of the year they
would have only the annual collection
to look to."

(b) "that the servants of the Pagodas
and Mosques, would if payments are
not made as at present at regular
intervals, neglect their duties during
the period that there are no payments
and that then they would probably
resign."

(C) That in the event of a death occurring amongst the servants of a religious institution just after the time that payments according to the lists were made, there would be a difficulty in filling up the list until the time for payments came round again.

(d) That there will be difficulty in getting the money from the village officials, by whom the collections would be made.

Although Mr Price thought that a reply could be given on all these points, he questions whether the proposed system would not be the cause of more quarrelling and of more trouble and labor to Revenue Officials than that which at present exists.

Similar objections are urged from Salem - and in addition it is stated that the Govan of

29
Village Officials will have to be purchased often by the Trustees, either to make the payments regularly or to be sufficiently active in making collections - Mr Douglas thinks that there is much truth in these objections.

It may frequently happen that the village officials will keep back some collected money or not collect at all from certain favourite ryots of their own on the pretence that the money is intended for payment to the Trustees of the Bago-das at a future date. Detailed instructions to guard against such irregularities may have to be issued me for all.

Should now be prepared & signed
Sincerely yours
Mr Price

The change can, it appears, be carried out without much difficulty, and a

upon by the Secretary
of State minor objec-
tions must be set aside.
The next step seems
to be for each District
concerned to submit
for the approval of
the Board (who might
then carry the measure
into effect without
further sanction) the
arrangements requi-
site as was ordered
in the case of Trin-
velly. The Board can
take into considera-
tion the various tri-
gling difficulties at
the change must
entail, some of which
are noticed in this
memo. & hisposal
of them as seems
best. Eventually
a report might be
made for the in-
formation of the
G. D. and Secretary
of State.

The decision of the Sec-
retary of State directing the sub-
stitution of Being deduction
for the existing cash payment
to religious institutions is
peremptory and should be
carried out through-
out the Presidency. In doing
so, close attention should be
paid to the limitation of the
change to what is ordered
payment for religious
institutions.

2

in Council observes that the District statements include payments for educational services and for choultries, and that in Trichinopoly the allowance for the maintenance of Wallajah's Tomb which is payable to the Prince of Arcot or his Agents is included. These payments are not of the kind from which the Govt. desire to disengage themselves and their disbursement from the Treasury should be continued as hitherto and not be committed for rent charges on village revenues.

3. Great care is necessary in making the changes and all doubtful cases should be reported for orders.

35 634

The Board will prepare and issue such detailed instructions as may appear necessary for carrying out the measure, giving all useful discretion to local officers to meet special circumstances.
4. When complete effect has been given to these orders the Board will submit a special report on the subject.
