Read the following paper:—

No. 75. Proceedings of the Board of Revenue, dated 16th September 1878, No. 2,552.

Read the following letter from J. B. PENNINGTON, Esq., Collector of Tinnevely, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Courtallam, 27th July 1878, No. 554:—

I HAVE the honor to furnish the explanation and information called for in the Proceedings of the Board of Revenue, No. 5,135, dated 1st December 1877, regarding the Jungle Conservancy Budget for 1877-78.

2. *Paragraph 3.* There are two jungles in this district (1) the jungle near the Vaipar salt-pan which is maintained for the purpose of sheltering it from the shifting sand and (2) Manad teri, a sand hill planted with nanal and trees, partly for the protection of the cultivated area and the villages exposed to the strong west winds and partly with a view to its reclamation. These jungles were heretofore by mistake entered under the head "Village Tope." The mistake was, however, rectified in the Budget for 1878-79.

3. *Paragraph 7. Government Order, Paragraph 12.* The outlay under this head is for the maintenance of the trees planted on channel banks and in tank beds and not for forming fresh plantations.

or reserves called for in paragraph 13 is shown in the enclosed statement.

ENCLOSURE No. 1.—Statement.

SUBMITTED for the information of Government with reference to paragraphs 6, 12 and 13 of their Order, dated 17th July 1877, No. 2,329.

ORDER THEREON, 8th October 1878, No. 1,629.

Forests, No. 6.

THE maintenance of the jungle near the Vaipar Salt-pan would appear to be more properly a charge on Imperial Funds, as it is kept up for the protection of the salt works. The Board will consider this point in connection with G.O., 20th September 1878, No. 1,533.

2. The Collector's explanation as to the topes handed over to the Railway Company will be submitted for the information of Government.
