2 Peons, at 7 Rs. each	14

from the Yeleru. Ever since that time.

2. Now one of the peons has vacated, and requests an increase of Rs. 2 out of his salary. I think the Superintendent needs some compensation, that there should be a greater difference.

3. But I am not inclined to increase the Superintendent's pay altogether; I propose that one rupee be added to the Superintendent's pay, that if another peon also vacates his office, I will add it to the Superintendent's when he vacates, therefore, the honor to request the Board's sanction of Government for the increase of one rupee, reducing the vacant peon's salary.

4. I may add that all the Taluk Officers are indispensably necessary that the Channel Superintendent's salary be added to Rs. 11 a month, and when the vacant peon's salary may be added to Rs. 6 a month.

SUBMITTED for the consideration of Government.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 19th August 1869.

Read the following letter from J. FRASER, Esq., Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 24th July 1869, No. 172:—

With reference to the Board's Proceedings, dated 25th ultimo, calling for information regarding establishments to be employed for the distribution of water from the Yelera river, I have the honor to report that the Acting Sub-Collector, in whose range the Peddapur Talook is situate, considers that the work of distributing water from the Yelera river should be kept under the supervision of the Tahsildar of Peddapur, with the aid of an establishment, at a cost of Rupees 24

	rs.	per mensem, as noted in the margin, which sum
1 Channel Superintendent	10	is equal to that proposed by the Superintending
2 Peons at 7 Rupees each	14	Engineer in his letter (paragraph 2) to the
	24	Secretary to Government, Department Public

Works, No. 64, dated 7th April 1869. Mr. Horsfall further states that if, as proposed by the Superintending Engineer, the Peons are to be paid at the rate of only 4 Rupees per mensem they must assuredly take money from the ryots.

2. In Mr. Horsfall's opinion I concur.

SUBMITTED to Government, with reference to Government Order, dated 20th May 1869,

2. The Board consider it desirable that the arrangements proposed by the Collector for supervising the distribution of water from the river Yelera should be carried out.

Sir,

In Government Order dated
4th October 1869, No 2715, communica-
ted with Board's Proceedings No 619,
dated 12th October 1869, Government
have sanctioned the maintenance
of the establishment consisting
of the marginally noted servants
for the distribution of water from
the Gileru. Ever since that time

the establishment remained unchanged.

2. Now one of the peons has vacated his post and the Channel Superintendent requests an increase of Rs 2-0-0 out of the Salary of the peon's post now vacated. I think the Superintendent needs some addition to his pay and especially I think that there should be a greater difference between his pay and that of his own peons.

3. But I am not inclined to uphold the request of the Superintendent altogether; I propose that one Rupee out of the vacant peon's salary may be added to the Superintendent's pay that it may be raised to Rs 11 a month and when the other peon also vacates his Office, I wish

to

^{1622/6}
to make a similar reduction in his pay and add it to the Superintendent when his request will be fully complied with. I have therefore the honor to request the Board will be pleased to obtain the necessary sanction of Government for the increase of the Channel Superintendent's salary by one Rupee reducing the vacant peon's salary to Rs 6 a month.

4. I may add that all the Kalug Peons get only Rs 6 each. I do not see indispensably necessary that the Channel Peons should get more.
