REFERRING to paragraph 2 of the Proceedings of the Board of Revenue, Miscellaneous No. 7,769, dated the 1st August last, I have the honor to state that there are 476 dufters of old records, both Revenue, Magistrate and Miscellaneous, to be sorted in the Tahsildar's Office at Amalapur.

2. The Sub-Collector wishes that two extra Gumastahs may be entertained for the sorting of these records on a monthly salary of Rs. 15 each, as the Tahsildar reports that his Gumastahs cannot be spared for this work, they being over-loaded with the office-work. OCTOBER.

No. 162167.

This Government is for sorting the Records of the
Colleges which Colleges, Districts, Districts
the Government of Madras for the
per inspection for the records.

The register of Books received has been prepared and kept complete.

4. In the Sub Collector's office the Records are in good order.

5. In the Ponnachendrapur Taluk the records are not so good as they once were. 90 Duffters appear still to be sorted and 211 Duffters are in a confused state because the accounts therein have been removed from them for reference for the preparation of Irrigation accounts. The Tahsildar was directed by the Sub Collector to have the Duffters arranged soon.

6. In the Anatalapur Taluk the records have been sorted upto Fasli 1276 and those of the subsequent faslies have not. The Sub Collector states that the Tahsildar reports that his Guinastahs cannot be spared to arrange and prepare lists for the unsorted records and that 2 Extra Guinastahs may be allowed.

7. In the Rajahmundry Taluk there is a great deal to be done. 70 Duffters have been sorted but no lists prepared. 108 Duffters

are

4
are still to be sorted. The Sub Collector states that the Tahsildar made arrangements for completing the work.

8. The records of the Local Assistant Collector's Office have been sorted upto the end of Fasli 1280, and the sorting of Magisterial records is completed. The Records that are to be destroyed have been separated from those to be retained and lists of papers forming the duffters will have to be prepared in the order in which the papers have been sorted. The Local Assistant states that this will be completed as soon as possible.

The want of sufficient place in the Local Assistant Collector's Office building for the accommodation of both the office and its records has been brought to the notice of the Board of Revenue in para 8 of my last year's report. In their Proceedings dated the 14th August 1877 N^o 3787, they directed that definite proposals for hiring additional accommodation should be submitted to them. But the Local Assistant Collector now brings to my notice that no accommodation of the sort is available for hire near the building used

used for the Office. Such accommodation can be had in the town of Ellor which is over a mile from the office building and removal of the records to such a distance from the Main Office would cause much inconvenience and loss of time to his office Clerks who may have to make frequent references to them. It is therefore necessary to give up the idea of hiring additional accommodation. The Head Assistant says that a portion of the Barracks part of which is now occupied by his office, is in charge of the Military Department and under the supervision of the Officers of Department Public Works. The portion occupied by them appears to him to be too large to be wanted for the Range Office. The allotment of one room from this portion will relieve the want of accommodation for records without necessitating any trouble to the Office Establishment. If this cannot be

done

done, he proposes, that a building both for the office and the records will have to be hired either in the town or elsewhere.

9. In the Tanukh and Yernagudem Taluqs the records appear to be in the same state as last year. Lists of papers sorted have been prepared and are under scrutiny in the Head Assistant Collector's Office.

10. The records of Ellor Taluq have been completely sorted up. Lists of papers sorted have been sent to the Head Assistant Collector's Office for scrutiny.

11. The records of the General Deputy Collector's Office have been arranged and kept in good order upto Fasli 1286.

12. In the Karasapur Taluq the records are all kept arranged upto Fasli 1286. An Extra Gunastar, being sanctioned was employed for 2 months in the Taluq for sorting the records and his services were dispensed with from the 1st of April last as the work is completed.

The

13. The records of the Bhimavaram Taluq are in good order. They are all kept arranged upto Fasli 1286.

14. The records in the Office of the Acting Deputy Collector in charge of the Collector's Division are in good order. It is only the Current records that are retained in his Office and those of 3 preceding years have been removed to the charge of the Kungur Record-keeper.

15. The records of the Piddapur Taluq have all been well arranged and kept secure.

16. The records of the Turu and Pittapur Deputy Tahsildars' Offices are reported to be properly arranged and kept in good order.

17. The Deputy Collector states that no report of the records of the Deputy Tahsildars' Office Cocanada has yet been received, but that from a very cursory view

of the records, he does not think they are very well kept. Instructions have been issued on the subject.
