From

The Superintendent Revenue Survey.

To

The Secretary to Government
Revenue Department.

SIR,

I Abstract of receipts and issues under each head for 5 years in Form A.

II Abstract of receipts & issues of the current year 1877/78 in Form B.

III Statement of balance at the end of each of 5 years.

I have the honour to submit herewith, three statements as per margin of expenditure of survey lithographic & photolithographic Stores in the Revenue Survey Department during the official year 77/78

2. With reference to Para 9 of the Resolution by the Government of India dated 21st July 1871 No. 1267. I have the honour to state that variations in the issues of stores under most of the heads from those of the last year occur chiefly in articles which are only issued on evidence that those, in lieu of which they are issued, have become unserviceable from fair wear & tear. The increase under the head of "Tapes measuring" is due to 34 of them having been condemned as

as unserviceable & under the head "blotto" to the large number of mounted maps supplied to Inmane officers. In the Photolithographic Department the expenditure has been small, work in this Branch having been nearly stopped for some months as the old room had been demolished in order that a new Photo-house might be built

3. I beg to add that there has been no delay in the receipt of the articles indented for on England and that no marked difference in the price of the more important ones has been noted.

I have the honour to be
Sir
Your Most Obed.t Servant
Capt. Surgeon & Major
Assistant Superintendent
for Supt.t Ord. Survey.
