GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

15th October 1878, No. 1,067.

Read the following papers :—

No. 159 Proceedings of the Board of Revenue, dated 27th September 1878, No. 2,055.

Read the following letter from J. T. PRICE, Esq., Acting Collector of the Chingleput District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Saidapet, 17th September 1878, No. 249 :—

In reference to the Proceedings of the Board of Revenue, Nos. 9,007 and 9,108, dated 2nd and 9th instant, I have the honor to submit a complete list of all known cases of compensation to be settled, now on hand in this district.

2. This has been divided into what should, in my opinion, be done by the Temporary Deputy Collector and the ordinary establishment respectively.

3. I should however observe that the former has so much disorganized matters and thrown work of all kind so much into arrears, that it is determined that what I have put down to be looked into and disposed of by the ordinary establishment is to be very much delay will be the consequence.

4. I have taken for disposal by the special officer three main classes of works, viz., first, the South Coast Canal; second, large Irrigation Tanks; third, Railways. These minor cases are shown in the list, as Mr. Pinto, pending the necessary orders giving him powers and an establishment, has taken them up and has made considerable progress with one. If this—the compensation to be paid for the channel to the Saidapet Farm from the Chembrambakkam Tank—is to be taken as a sample of the way in which the work performed by the subordinate staff has been carried out, all that I can say of it is that it is very bad.

5. The calculation which Mr. Pinto makes as to the time for completing the cases of compensation, which I propose to assign to him will take is given in the enclosed statement. The total period amounts to two years. This may be a little above the mark, but I do not think that it will take less than eighteen months.

6. I have talked over the matter of establishment with Mr. Pinto, and we have come to the conclusion that the following will be sufficient :—

			Rs.
1	Clerk at Rupees	40	40
1	Do	20	20
1	Do	15	15
1	Accountant	8	8
3	Peons	7	21
	Total per mensem		104

7. The addition to the number of clerks has been made to encourage a little economy of the leased in these Proceedings under reply. In regard to the peons, as Mr. Pinto will have a good deal of inspection work to do and proposes to make his

inspections in the morning and evening and to take papers and accounts during the day, he cannot expect two peons to be able to go out four or five miles and back again and attend office too, and it is therefore in his opinion, in which I coincide, necessary that he should have three.

3. I beg the favor of orders at the earliest possible date as I am anxious, as is Mr. Pinto, to get the settlement of the large projects in hand as soon as we can.

ENCLOSURES Nos. 1 and 2.—Statements.

SUBMITTED to Government with copy of Board's Proceedings, dated 9th September 1878, No. 2,493, with reference to G. O., dated 22nd August 1878, No. 1,302.

2. The Collector has furnished a statement showing the particulars noted in paragraph 2 of the above order and estimates the time required for settlement of the claims to be disposed of by the special officer at not less than eighteen months, whilst Mr. Pinto calculates that the work will occupy two years. The establishment proposed appears fair and the usual statement providing for a Deputy Collector of the 4th class and a staff of the strength proposed is submitted herewith as directed, the period being entered as 2 years.
