GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

22nd October 1878, No. 1,708.

Read the following paper:—

No. 244. Proceedings of the Board of Revenue, dated 2nd September 1878, No. 2,436.

Read the following letter from J. B. PENNINGTON, Esq., Collector of Tinnevely, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Courtallam, 16th August 1878, No. 616:—

HAVING completed the revision of village establishments in the five taluks of the river-irrigated valley sanctioned in G.O., No. 3,355, dated 5th December 1877, I have the honor to bring the following points to the notice of the Board for their orders.

2. In carrying out the scheme it was impossible in certain villages to find residents fit to be made Munsifs, and such villages had to be left under the management of the Munsifs of the adjacent villages in accordance (generally) with the old practice. A list (No. I) showing the villages in which such arrangements had to be made is herewith forwarded.

3. There are certain villages comprising several hamlets situated at some distance from the chief villages, all of which hamlets had separate Munsifs before.* The scheme however allows only one Munsif for the entire village. In the case of these villages it was thought desirable (with reference to the remarks of Government in paragraph 3, G.O., No. 865, dated 29th June 1876,) to let the present Munsifs remain undisturbed, as it is most inconvenient for Police and other public purposes that hamlets should be miles away from their Munsifs. I append another list (No. II) of such villages and hamlets which require separate Munsifs with brief reasons (taken down at the time) showing the necessity for the extra appointments.

4. From these explanations it will be seen that it is only in cases of actual necessity that additional Munsifs are provided. These Munsifs may be paid at the rate of 3 Rupees per mensem from the savings of the General Fund as given below:—

	Rs.
Savings as given by Mr. Puckle in his scheme embodied in G.O., No. 3,355, dated 5th December 1877	1,943
Add the pay of twenty-one Munsifs and one Nirkatti for villages provided in the scheme, but who are not really required as shown in the List No. I	804
Total	2,747
Deduct reduction in the cess sanctioned in the aforesaid Government Order for the villages of Viravanallur and Shermadevi in the Ambasamudram Taluk	1,646
Balance	1,101

This being a balance from the General Fund can be most advantageously utilized

	RS.	A.	P.	
* 24 Munsifs, at Rupees 3 ...	72	0	0	in providing the additional Munsif-Monigars for the villages shown in List No. II.*
6 Taliaries, at " 3 ...	18	0	0	5. It will be observed that I have
Total per annum ...	90	0	0	allowed the extra Taliaries required
Annular ...	1,080	0	0	Rupees 3 each because (for reasons stated below) I think that is the very least salary that can be allowed with regard to present prices, and the balance is more

than sufficient to pay the Munsifs at the rate of 3 Rupees each. That however is, in my opinion, adequate remuneration as they are not altogether dependent on their pay; and 36 Rupees a year is probably in most cases a good deal more than they have to pay as assessment. In fact, I should be glad to raise the pay of the Vetties and Taliaries everywhere by reducing the pay of the Munsifs to a minimum of Rupees 2 instead of 3 Rupees, if the scheme would admit of this being done, and if the assets of the two villages of *Shermadevi* and *Viropanallur* which are not derived from the cess could be appropriated to the purposes of other villages (the cess being raised again so as just to cover their own expenses) some improvement might be made in the pay of these lower servants even as it is.

6. Petitions are constantly presented for additional Monigars in several large villages to represent the different castes; and I am still of opinion that more latitude should have been allowed me in adapting the establishments to the circumstances of each village, and it does not seem right (for instance) that a pariah Puttadar should be compelled to employ a Vakil to convey his kists to the Monigar; but as the Board have negatived my proposals on the subject in their Proceedings, No. 850, dated 28th March 1878, I need say no more about it.

7. I feel bound, however, to call particular attention to what appears to me to be a serious blot in the scheme generally; I mean the pay of the Vetties and Taliaries in Classes 7 & 18, and of the Curnams in the last class. It appears to me to be altogether wrong in principle to fix salaries at a point below the barest subsistence allowance; and after all that has been said about raising the position of the Curnams, it is, in my opinion, most unsatisfactory to find that 90 out of the 449 Curnams now appointed receive only Rupees 4 a month, or very considerably less than a common cooly. Only so lately as last year the Board were pleased to sanction an increase† to the pay of Curnams so as to bring it up to a minimum of Rupees 5.

8. The Taliaries and Vetties on Rupees 2 or 3 a month are even worse off, for it is almost impossible for them to eke out their livelihood, as the Curnams no doubt may to a certain extent by any legitimate means; because under the new system their time should be fully occupied with their Government duties. Complaints of the smallness of the pay are already rife, and in some cases I have heard of resignations and of considerable difficulty in filling vacancies.

9. I should be obliged if the Board would kindly pass orders on this letter at an early date as it will be convenient to have the several points raised in it settled before I begin the revision of establishments in the four northern taluks.

List of Village Officers sanctioned but not required—(Continued).

Taluk.	VILLAGE.			ASSETS.			Cost of estab- lishment Savings as per revision.	Officer.	Annual cost.	Remarks.
	Number.		Name.	Village cont.	General Fund.	Total.				
	As per Taluk Map.	As per Scheme.								
Nanganur.	1	1	Vaśākarai. Population 223	28	57	28	60	Munsif	35	This is an Ezhagan village belonging to Tiruvadu- chural Manam. It is clubbed with Pannai lying close by. No separate Munsif is required. The Munsif of Pannai may have charge.
	4	3	Erudakalpatiti. Population 338	45	50	60	...	Do.	35	The only Pottadar of this village who could be ap- pointed Munsif is Lakshminayar, who is non- resident and in other respects not a desirable per- son. It is a desirable village to dispose with the appointment of a Munsif to this village and let the present arrangement by which the Munsif of Devanahalli (with which it is clubbed) has charge of this village stand.
	205	5	Turavakulam. Population 417	38	40	60	...	Do.	35	See note for Erudakalpatiti. This is one of the three villages forming one Curman's charge. Must be in charge of the Munsif of Kallakulam, one of these three villages.
	22	12	Vaśakulam. Population 338	41	...	60	...	Do.	35	There being no qualified resident the best plan seems to be to put this village in charge of the Munsif of Singanailam Pedaganam near which it lies, though clubbed with Pannai.
	23	12	Polyankulam. Population 152	19	...	60	...	Do.	35	As no separate Munsif is required for this small vil- lage clubbed with Munnadai the Munsif of Munnadai may have charge.
	34	18	Mahayankulam. Population 327	14	...	60	...	Do.	35	This is one of five villages forming one Curman's charge and requires no separate Munsif, being very small. May be most conveniently managed by the Munsif of Pannai.
	31	42	Krishnakulam. Population 120	31	4	60	35	Do.	35	The most convenient plan will probably be for the Munsif of Solapur with which it is clubbed to have charge of this village also. With such a po- tential body of landlords as the Kalakad Panmayars it would be merely mischievous to appoint out- siders who must be Shannas or such low castes to ap- pointments in their villages.
	64	35	Sripattanam. Population 161	28	12	60	...	Do.	35	No one in this Ezhagan village is fit to be a Mun- sif except the Ezhagan, who is non-resident. The appointment may be dispensed with the Mun- sif of Pannai.

all of Pillekulam (with which it is clubbed) doing
the work.
Separate Munsif not required. May be conveni-
ently managed by the Munsif of Battapuram with
which it is clubbed.
Separate Munsif not required. May be conveni-
ently managed by the Munsif of the Battapuram
near which it lies.
Munsif of Kila Vaypankulam with which this is club-
bed may have charge as no separate Munsif is
required for it, being a very small village.
There seems to be no object in appointing a separate
Munsif for this village of fifty-one people. It may
be attached to Erudadi, a large village lying close
by.
The most convenient plan is to let the Munsif Mo-
niger of Daundakulam near which it lies take
charge of this village, though it is clubbed with
other villages.
The Munsif of Suddankulam may conveniently look
after this village with which it is clubbed. The
population is only thirty Shannas, Pallars, &c.,
none of them landholders.
Should remain as it is under the Munsif of Kunda-
kulam with which it is clubbed.
The Munsif of Singaperi with which it is clubbed
may have charge of this small village, which re-
quires no separate Munsif.

26	37	Torankurichi. Population 175 ...	19	2	21	60	...	Do.	...	36
71	38	Kariyakulam. Population 210 ...	21	5	26	60	...	Do.	...	36
109	38	Tamarakulam. Population 104...	12	3	16	54	...	Do.	...	36
94	51	Ponakurichi. Population 51 ...	37	2	39	96	...	Do.	...	36
147	81	Maharajanakulam. Population 28.	53	...	59	72	...	Do.	...	36
213	19	Devendraperi. Population 107 ...	34	2	36	60	...	Do.	...	36

Proceedings of the Board of Revenue
Dated 2^d September 1875.

Read the following

From

J. B. Cunningham Esq.
Collector of Simnully

To

C. A. Galton Esq.
Secretary to the
Board of Revenue
Madras.

Sir,

Having completed the revision of
Village Establishments in the 5 Taluqs of the
river irrigated valley mentioned in Govern-
ment order M. 3355, dated 5 December 1877,

I have the honor to bring the following points
to the notice of the Board for their orders.

In carrying out the scheme it
was impossible to confine villages to fixed
recidents fit to be made Munsifs, and
such villages had to be left under the
management of the Munsifs of the adjacent
villages.

villages in accordance (generally) with the old practice. A list showing the villages in which such arrangements had to be made is herewith forwarded.

3. There are certain villages comprising several hamlets situated at some distance from the chief villages all of which hamlets had separate Munsifs before. The scheme however allows only one Munsif for the entire village. In the case of these villages it was thought desirable (with reference to the remarks of Government in para 3 Government order No 865 dated 29 June 1876) to let the present Munsifs remain undisturbed, as it is most inconvenient for police and other public purposes that hamlets should be miles away from their Munsifs. I append another list of such villages and hamlets which require separate Munsifs with brief reasons (taken down at the time) showing the necessity for the extra appointments.

* No I

* Such Villages are in fact rather large - ships having often an area of many miles.

* Some are one or two miles apart.

* No II

From

4. From these explanations it will be seen that it is only in cases of actual necessity that additional Munsifs are provided. These Munsifs may be paid at the rate of 3 Rs per mensem from the savings of the General Fund as given below. Savings as given by Mr Puckle in his scheme embodied in Government Order, No 3355 dated 5 December 1877 - - - - - Rs 1943

Add the pay of 21 Munsifs and 1 Karkatti for villages provided in the scheme, but who are not really required as shown in the list No II. - - - - - 804

Total 2747

Deduct reduction in the cess collections in the aforesaid Government Order for the villages of Viravanathur and Shernadur in the Ambasamudram Taluk - 1646

Balance 1101

This being a balance from the General Fund can be most advantageously utilized in providing the additional Munsif Mangars for the villages shown in list No 2.

* 24 Munsifs at Rs 3-72-0
6. Karkattis at Rs 3-18-0
Total for Mangars 90-0
Deduct Amount 1088-0

5. It will be observed that I have allowed the extra Talainjaries required Rs 3 each, because (for reasons stated below) I think that is the very least salary that can be allowed with regard to present prices, and the balance is more than sufficient to pay the Brunsifs at the rate of 3 Rs each. That however is, in my opinion, a dequate remuneration as they are not altogether dependent on their pay; and 36 Rs a year is probably in most cases a good deal more than they have to pay as assessment. In fact I should be glad to raise the pay of the Vetties and Talainjaries every where by reducing the pay of the Brunsifs to a minimum of Rs 2 instead of 3 Rs, if the scheme would admit of this being done; and if the assets of the two villages of Shurmadore and Viravannalur which are not deprived from the cess could be appropriated to the purposes of other villages (the cess being raised again so as just to cover their own

expenses) some improvement might be made in the pay of these lower servants even as it is.

6. Petitions are constantly presented for additional Branjars in several large villages to represent the different castes, and I am still of opinion that more latitude should have been allowed me in adapting the establishments to the circumstances of each village, and it does not seem right (for instance) that a parish puttadar should be compelled to employ a Vahel to convey his hits to the Branjars; but as the Board have negatived my proposals on the subject in their Proceedings No 850 dated 28 March 1878, I need say no more about it.

7. I feel bound however to call particular attention to what appears to me to be a serious blot in the scheme generally, I mean the pay of the Vetties and Talainjaries in clauses 7 to 18, and of the

Cornams in the last class. It appears to me to be altogether wrong in principle to fix salaries at a point below the least subsistence allowance, and after all that has been said about pausing the position of the Cornams it is, in my opinion, most satisfactory to find that 90 out of the 449 Cornams now appointed receive only Rs 4 a month, or very considerably less than a common cooly. Only so lately as last year the Board were pleased to sanction an increase to the pay of Cornams so as to bring it up to a minimum of Rs. 5.

* Proceedings
in 3250 dated
12 July 1877

8 The Salaries and Vettis on Rs 2003 a month are even worse off, for it is almost impossible for them to eke out their livelihood, as the Cornams no doubt may to a certain extent, by any legitimate means, because under the new system their time should be fully occupied with their Government duties. Complaints of the smallness of pay are already

already rife, and in some cases I have heard of resignations and of considerable difficulty in filling vacancies.

9 I should be obliged if the Board would kindly pass orders on this letter at an early date as it will be convenient to have the several points raised in it settled before I begin the revision of establishments in the 4 brother Taluqs.

I have &c

Immerally collector / Signed J. B. Pennington
for J. B. Pennington Collector
16 August 1878 3

Submitted for the orders of Government.

2. The collector reports having carried out the revision of village establishments in the 5 Taluqs of the river irrigated valley and submits for sanction the following modifications of the scheme sanctioned in G.O. dated 5 December 1877, No 3355. Mr Pennington states that in 21 villages specified in list No I it was impossible to find a resident

* Immerally
Ambasamudram
Tunkasi
Kangumari
Tunkarai

resident-mysots who were qualified to discharge
the duties of Dronseiff and as with the
exception of one there are petty villages
the population of which ranges from ^{Vinupandya-}
25 to 417 and as a rule is under 2000 so
he proposes that they should be adminis-
tered as hitherto by the Dronseiffs of the
adjacent villages. In regard to the village
noted above the population of which
is 1255 Mr Pennington observes that there
is a consensus of opinion in favor of the
present arrangement (the Trichenchi Dron-
seiff being in charge) as it is impossible
for the two parties of Christians to agree
upon a resident Dronseiff and the result
of appointing one before was so disas-
trous that the existing arrangement
had to be reverted to. Under the circum-
stances represented and as it is observed
that the service fees which range from
Rs 12 to 95 indicates that the villages are
financially

financially considered are comparatively
unimportant, the Board are of opinion
that the Collector's proposals may be ac-
cepted as also his recommendation that
the services of a briganti in the village of
Vasarappapuram which are said not to be
required, should be dispensed with. The
exceptional circumstances noted in regard
to Vinupandya-pattanam seem to point to the
inexpediency of disturbing the existing
state of things.

3. The foregoing arrangements if carried
out will set free Rs 804 from the General
fund which with other savings noted in
para 4 the Collector proposes to apply in the
payment of 24 Dronseiffs and 6 Taluquas -
costing Rs 1080 per annum in the villages
specified in list No 2. Three villages in the
scheme sanctioned in L.D. above quoted
were attached as hamlets to other villages
but as their population ranges from 392
to 8572 and in most cases exceeds 2000, it

is clear that convenience of administration requires that they should have a separate Broomfield and the Board therefore support this portion of the Collector's proposals also.

The inadequate remuneration provided for village service in the lower stages of villages commented on by the Collector has on more than one occasion attracted the Board's attention and they are prepared to give every consideration to proposals showing for this object the remedy of an acknowledged defect, but all available funds have been utilized and the recommendations to reduce the Broomfield's pay to Rs 2 in order to give the Vetties and Salaries Rs 3 does not commend itself to them. On the other hand they favor the Collector's suggestion that the cess in Shornadur and Viravannallur should be raised sufficiently

1708

822
sufficiently to cover the cost of village services, thereby setting free other assets to be utilized where they are more required. In view to this arrangement being carried out the collector should submit a scheme in detail.

villages.

- (2) That in the case of the hamlets & villages enumerated in list no II, the existing Munsiffs be retained, or additional Munsiffs appointed, the scheme providing but one Munsiff for the parent village and its hamlets.
- x 24 men at Rs 3 each.
- (3) That six additional Talukars at Rs 3 each be appointed.
- (4) That the Muzgathi sanctioned for Nasavappuram be dispensed with.
- (5) That the pay of the Vethies and Talukars be raised everywhere to Rs 3 by reducing the pay of the Munsiffs to a minimum of Rs 2 instead of Rs 3 and by raising the Cess of Sheranaderi and Viravallur so that the other assets of these villages might become available for expenditure where they are more required.
- (6) That additional Muzgars be appointed in ^{several} large villages

to represent the different Castes.

(7) That the pay of the Vethies and Talukars in classes 7 to 18 and of the Curmies in the last class be raised.

The Board support the first four proposals on the following grounds-

Proposal (1) because the Collector finds it impossible to secure a resident not qualified to discharge the duties of Munsiff, because with the exception of one village, there are butty villages with a population ranging from 25 to 417 because the villages are financially ~~unimportant~~ ^{and a} less ranging from Rs 12 to 95, and because Virupandiappattanam has two parties of Christians who can never agree upon a resident Munsiff and the appointing of one before was so disastrous that the

* As to this objection, please see clause III para 3 of G.O. 1st March 1877 No. 874

Virupandiappattanam

existing arrangement had to be
reverted to.

Proposal (2) because the popula-
tion of the villages ranges from
392 to 8512 and in most cases
exceeds 2000 and because the
convenience of administration
requires that they should have
a separate Munsiff -

Proposal (3) No information is given
as regards the 6 proposed Taluques
either in the Collector's letter or in the
list.

Proposal (4) because the services
of a Lingaite are not required
in the village.

In regard to the 5th and 7th
proposals, the Board in acknowledging
the inadequacy of the remuneration
provided for the ~~lower~~ servants in
the lower classes of villages express
their readiness to consider proposals
having for their object the remedy
of the defect ^{but} observe that all

1708/20
available funds have been utilized.
The Board do not support the Collector's
proposal to reduce the Munsiff's pay
to Rs 2 in order to raise that of the
Deputy and Taluques to Rs 3 - They
however favor the Collector's suggestion
to raise the cess in Shermadevi and
Viravanathur in view to set free
the other assets thereof.

As regards the 6th proposal,
the Collector would not now press it
as the Board have once negatived
it, although he still thinks that
additional Mouigards are needed.
The Board have not noticed this
proposal, apparently because
their Proceedings dated 28th March
1878 No 850 have disposed of
the matter.

The Collector's proposals
while setting free No 804, will involve

* Not Communicated to Govt.

a cost of Rs 10 80. The difference
is proposed to be met from the
savings of the General fund.

The Board have called on
the Collector to submit a scheme
in detail in view to the above
arrangements being carried out.
