GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

29th October 1878, No. 1,741.

Read the following paper :—

No. 308. Proceedings of the Board of Revenue, dated 3rd September 1878, No. 2,442.

Read the following letter from C. BENSON, Esq., M.R.A.C., Acting Superintendent of Government Farms, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 9th August 1878, No. 673 :—

WITH reference to the desire often expressed both by the Government and by the Board that the officers of the Agricultural Department should acquire more detailed knowledge of the local customs of our cultivators by personal observation, and to the very evident necessity which exists for a full agriculture survey of each district of the Presidency being made before we can attempt to introduce any great improvements, as well as to afford useful employment until a decision has been finally arrived at regarding the scheme for general agricultural education, submitted to Government in the Proceedings of the Board, No. 5,223, of the 13th December last, which from G.O., No. 1,095, dated 18th July last, seems likely to be for the present considerably delayed, I have the honor to suggest the advisability of deputing either Mr. Schiffmayer or myself to perform a tour with the abovementioned objects in some district during the ensuing cold season.

2. Mr. Schiffmayer has been in charge of the Sydapet Experimental Farm for the past four months, and will presumably continue so until October at any rate; if he is required to transfer charge of the farm to me in the middle of our busiest cultivating season, great inconvenience cannot but result. It is also very desirable, if he is to remain in charge of the farm, that he should be in residence on it both for convenience in superintending it and in his own interests; this he can only do on my vacating my present residence.

3. On Mr. Robertson's return from privilege leave in October next, when I vacate the office I am now temporarily filling, I shall either have to resume charge of the farm under great inconveniences and difficulties or be deputed to some other work. Ever since I joined my appointment (nearly four-and-a-half years ago) I have been unable, from the nature of my duties, to see any but a very limited amount of native cultivation, my present knowledge of it having been derived from hearsay and such writings as exist, which are mostly written by non-agriculturists.

4. If my suggestion meets with the approval of the Board, and I make it under the impression that, in event of such a deputation being made, travelling allowances (horse, tentage, batta, and mileage) proportionate to those which are allowed to the Superintendent of Government Farms will be granted, it is clear that the value of the services of the officer who may be so deputed will be greatly enhanced for carrying on work of agricultural education, as is suggested in Board's Proceedings No. 5,223 of 13th December last and No. 1,960 of the 15th ultimo.

5. If any district be taken up, I would submit that it should be a Tamil one, for instance Trichinopoly, as both Mr. Schiffmayer's and my own knowledge of the vernaculars is confined to Tam the language chimayy, spoken in this neighbourhood.

SUBMITTED for the orders of Government.

2. The Board are of opinion that it is most desirable that Mr. Benson should make a tour of at least three months in districts, such as Trichinopoly and Bellary, with varying soils and crops and modes of culture, so that he may obtain a practical knowledge thereof before undertaking the charge of a new farm.

3. The Board have recently submitted proposals as regards travelling allowances, &c.

Acting Sub-Secretary.

No. 309.

ORDER THEREON, 29th October 1878, No. 1,741.

Miscellaneous.

The Government concur with the Board as to the desirability of Mr. C. Benson proceeding on a tour, but it is possible that the proposal may be affected by the entertainment of a fresh class at the School of Agriculture. The Board will ascertain Mr. Robertson's views in the matter, and arrange accordingly.

2. Mr. Benson will be allowed travelling allowances to the district in which each tour is to be made at the same rate as the Government of India shall fix in the case of Mr. Robertson, and then the extra tentage of a Head Assistant Collector as already suggested by the Board.
