GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

2nd November 1878, No. 1,756.

Read the following papers :—

No. 13. From C. L. TUPPER, Esq., Officiating Under-Secretary to the Government of India, Department of Revenue, Agriculture and Commerce, (Salt), to the Secretary to the Government of Madras, dated Simla, 27th September 1878, No. 305.

In returning the accompanying tabular statement submitted with your letter No. 1,398, dated the 31st ultimo, on the subject of the reorganization of the grade of officers who supervise the District Salt Establishments, I am directed to request that you will be good enough to resubmit it after verification by the Account Department of the column headed "Present Scale," as directed in Financial Resolution No. 955, dated the 16th February last.

Referred to the Accountant-General for verification and return.

Ootacamund,
5th October 1878.

(Signed) L. A. CAMPBELL,
Under-Secretary to Government.

No. 14. From L. C. PROBYN, Esq., Accountant-General, Madras, to the Secretary to Government, Revenue Department, dated Fort St. George, 23rd October 1878, No. 5,941.

I have the honor to return the original papers received with your endorsement, dated the 5th instant, and respectfully to state that the proposition statement requires amendment.

2. The number of Deputy Collectors of different classes employed on the Salt and Land Revenue Departments, respectively, is not fixed, but varies from time to time with reference to the class of officers which may happen to be employed in each. In these circumstances it is right that in the present scale column of the proposition statement should be entered the full present permanently sanctioned scale of Deputy Collectors, whether employed in the Salt or Land Revenue Departments, a footnote being added, if thought advisable, distinguishing those actually employed in the Salt Department which in the proposed scale should be shown separately :—

(1.) The Deputy Collectors of Land Revenue according to the proposed classification, and

(2.) The new Assistant Commissioners of Salt.

3. To avoid trouble I beg to annex the entries in the present and proposed scale in accordance with the views enunciated above. It will be seen that I have shown the local allowance of Rs. 150 drawn by Mr. Ricketts as appears right.

4. It is right too that I should point out that the salaries of eleven officers only are at present charged to Salt, it having been determined in the orders entered in the margin that the pay of the Deputy Collectors employed in Malabar should be charged to Land Revenue and not to Salt.
