G.O. No. 1797 A Press
Mis.

Dated 7-11- 1878.

Not to be folded or roughly handled

7th November 1878, No. 1,797-A.

Read the following paper :—

No. 101-A. From Captain CAMPBELL WALKER, Deputy Conservator of Forests, to C. G. MASTER, Esq., Acting Chief Secretary to Government, Ootacamund, dated Ootacamund, 31st October 1878, No. 30.

With reference to paragraph 2 of G.O., No. 1,734, dated 28th instant, I have the honor to report that I am prepared to undertake the enumeration of the trees and supply full information regarding them.

2. The actual enumeration, assuming the Commissioner's estimate to be approximately correct, would not take more than two or three days; but the clearing, which is absolutely necessary, would occupy some time which it is difficult to estimate, as much depends upon the supply of labor available. I think, with takeeds from the Commissioner and personal supervision, it should be done in two or three weeks, but I can only guarantee its being done with the greatest possible despatch.

3. It is not easy to estimate the cost of clearing, but from inquiries I have made it should not exceed the Commissioner's estimate of Rs. 400, which amount should, I would suggest, be sanctioned. Should I find the work likely to exceed the estimate, I shall at once report the progress made, &c., and await orders.

4. On receipt of instructions I shall at once send for any tents and camp on the spot.

5. The services of the Head Overseer at Dodabetta could probably be made available for a few days, to assist me in the actual enumeration.

No. 101-B. ORDER THEREON, 7th November 1878, No. 1,797-A.

Miscellaneous.

The Government sanction expenditure up to Rs. 400 for the purposes of the investigation and desire that Captain C. Walker will carry out the examination immediately.

2. The Commissioner will be able doubtless to arrange with reference to paragraph 5.
