B.P. No.		Mis.
Dated	8.11.1978	197

Not to be folded or roughly handled

Archives I-5,806-24-2-78.

ENCLOSURE 2.—Map.

SUBMITTED to Government with reference to G.O., dated 11th March 1878, No. 377.

2. The reservation of 16.35 acres in Shola C is apparently recommended on the ground that the sources of a large stream are hereby protected.

(True Copy and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

No. 107.

ORDER THEREON, 7 November 1878, No. 1,800.

Forests, No. 9.

and should be equally reserved.
that their boundary lines, as demarcated,

2. Shola B and the small cove
line, may be made over to Mr. T.

It appears to His Grace the Governor in Council that both Sholas C and A are influenced by the same reasons accordingly directs that this be done, and be adhered to.

Shola C, falling outside the demarcation

1878/3
No. 2717.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 5th October 1878.

Read the following letter from R. W. BARLOW, Esq., Commissioner of Nilgiri, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Ootacamund, 14th September 1878, No. 127 :—

In their Order, No. 377, of 11th March 1878, Revenue Department, Government sanction the grant to Mr. Teare of "that portion of his application east of the foot-path DDDD." I have the honor to enquire whether it is the intention of Government to grant him the forest land included in the severed portion.

2. The additional land sanctioned has been surveyed and demarcated, and I beg to submit copy of Colonel Cloete's letter of the 2nd instant, with the plan which accompanied it (to be returned). It will be seen that the area is only 184.90 including forest, and I beg to recommend, for favorable consideration, the proposals of Colonel Cloete that the forest may also be made over to Mr. Teare, with the exception of 16.35 acres of plot C shown on the plan herewith submitted. The total grant will then still be short by 71.24 acres, of the 500 acres originally applied for.

ENCLOSURE No. 1.

From Lieutenant-Colonel J. G. CLOETE, Deputy Superintendent, No. 1 Revenue Survey, to R. W. BARLOW, Esq., Commissioner of Nilgiri, dated Ootacamund, 2nd September 1878.

With reference to your letter, No. 37, dated 25th April 1878, and G.O., No. 377, dated 11th March 1878, regarding the survey of a portion of Mr. Teare's application, I have the honor to inform you that the required survey has been completed, but before finishing the map I request I may be informed whether the forest within the limits now granted should be reserved or not.

2. The whole of the portion now surveyed is 184.90 acres; of this 41.65 acres were originally reserved, 28.01 acres of it being actually shola and 13.64 acres grass land between the edge of the forests and the reserve lines.

3. Mr. Teare's cultivation extends in many places to the very edge of the shola and within the former reserve limits.

4. I would suggest that the small sholas marked A and B in the accompanying plan be granted to Mr. Teare and the greater part of the larger one C reserved as shown on the map; my reasons for recommending this appear on the face of the plan. Mr. Teare would then hold under this grant 184.90 minus shola reserved in C 16.35 acres, of which 11.67 acres are forest; the whole area under the two grants would still be 71.24 acres less than the original area applied for—500 acres.

(True Copy.)

(Signed) R. W. BARLOW,
Commissioner.

ENCLOSURE No. 2.—Map.

SUBMITTED to Government with reference to G.O., dated 11th March 1878, No. 377.

2. The reservation of 16.35 acres in shola C is apparently recommended on the ground that the sources of a large stream are thereby protected.

(True Copies and Extract.)

W. A. Galton
Acting Secretary.

To the Secretary to Government, Revenue Department, with Map to be returned.

Copy to the Commissioner of Nilgiri.

No. 4565.

1880
1878

From *Board of Revenue*

Dated 5 October 1878.

FOR ORDERS.

1. When the matter was before Govt in March, it was decided, both in Circulation and in Council, not to give the area which had been entered on the plan as "reserved" i.e. (as described in Colonel Clute's letter 2 Sept. 1878 para 2 now submitted) 41.65 acres

of which 28.01 were shola, 13.64 grass between land & the mountain with cultivated gardens & Amelona forest. 2. Sir. W. Robinson was of opinion that the land on the hills - shola & grass and 13.64 grass between land & the mountain with cultivated gardens & Amelona forest - should be included in the reserved area. He was then in favor of giving the sholas. Vide notes with Gov. 11 March 1878. Meanwhile

3. Meanwhile Mr. Seare appears to have encroached upon a considerable portion of the 13 odd acres of grass reserve above referred to -

and both Commissioner and Board now recommend that this as well as Shola A & B be made over to him, Shola C only being reserved - 16.35 acres in extent.

than wood land in its natural state - As a production of an old forest - the land is the best a well kept garden is superior to an old field I believe - In the meantime man gets 400 lbs of useful produce in the year & a state does not add the value of its little valuable timber product one percent deterioration in more like the same period

4. On this point reference is solicited to paragraph 19 of the Forest Reserve Commission Report in which a similar recommendation is made.

Brands Pro 27 Aug 1878 No 2400.

I do not see the boundary of Shola C & A are influenced by the same reason as the

So it was proposed by the Comm. for all except the reserved Shola C. I don't think the encroachment on grass and the reserved It has not damaged

quality received - the boundary. In the as discussed. It is as hard to not there will be no boundary at all around.

This will give the planter the Shola B & a small corner of C. and having up to the time of the date of his application I agree to this the 25/10/78

no expense in any way as appears.

FOR ORDERS.
