Office of L^y Conservator of Forests
Cuddalore 3rd November 1877.

From

The L^y Conservator of Forests
South Arcot Division.

To,

The Conservator of Forests
on Circuit.

Sir,

With reference to Circular from your
Office N^o 49, dated 1st October 1877, and in
conformity with instructions therein, I have
the honor to apply for your sanction to the
transfer of Rs. 220. Two hundred and twenty
as noted below.

From A "Conservancy & Works"

I. Timber &c. by Govt Agency
e. grass & other minor produce Rs. 150.-

To,

A "Conservancy & Works"

VII. Commencement of buildings
C. other works Rs. 150.-

From B. Establishments

I. Salaries.

C. Subordinate Forest Establishment Rs. 70.-

To,

III. Contingencies.

b. Tents and records Rs. 20.

d. Sundries " 10.

e. official postage " 40. Rs. 70.-

2.- The reason of the sum of 150 being a-
vailable for transfer is as follows.-

The sanctioned expenditure under I. e.
(grass and other minor produce) for the current

official

official year is Rs 450. The sum debited to expenditure under this subhead up to end of October is only Rs 2-8-0. The season has not admitted of any collections, and only about Rs 300 at the most can be laid out to advantage on work debitable to this subhead before conclusion of the current year. Hence a sum of Rs 150 is available for other works.

3.- The reason for a grant of Rs 150 to VII C is I beg to submit because I believe "depot formation" and "Kutch" buildings such as storesheds, Forest huts, Tanna huts when required to be permanently kept in use are chargeable to this sub head and not to heading I timber &c operations as I have heretofore imagined; and under this misconception I have made no provision under VII C for the current year's proposed depot &c works.

4.- Further it is evident that if the annual allotments under I are relieved of depot formation and such like generally used and useful works, the average cost shown under I of the delivering timber to market will be reduced, and I hope I should then be able to work depot timber at 50 per cent of sales which owing to the changes
noticed

noticed I now find to be impossible, and this is a point or principle, on which great stress is laid by the Conservator.

5.- The sum of 70 Rs is available from B. I owing to non-entertainment of Forester for 6 months, nor of full sanctioned strength of guards for 1st Quarter of current year, while for the supplemental grant of Rs 70 to III Contingencies under B Establishment I would state that, owing to the Deputy Conservator's lengthy inspection tours this year, postage on correspondence between Head Quarters and Camps has been heavy; and owing to the difficulty of carriage during late season of distress, cost of moving records &c has been also increased.

I have the honor &c &c
