MISCELLANEOUS No. 9,859.

Proceedings of the Board of Revenue, dated 24th September 1878.

Read the following letter from E. F. WEBSTER, Esq., Collector of Tanjore, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Vallam, 28th August 1878, No. 3,077 :—

IN reply to Board's Proceedings, No. 602, dated 7th March 1878, I have the honor to state that I propose to utilize the unexpended balance of the Canal and Ferry Fund in improving the road between Umbalachery (the village at the terminus of the western branch of the Vedarnium canal) and Pamani, a village situated about three miles west of Tiruturaipundi.

2. There is a good deal of traffic in salt between Vedarnium and Umbalachery, and the boats that carry the salt return laden with grain from Pamani. Umbalachery [illegible] village [illegible] rmer days the canal extended in a westerly direction as far as Pamani, the water, however, being brackish and unsuited for agricultural purposes, a bund has been placed across it at Umbalachery, and all traffic thence to the interior of the district is carried on by means of carts along the old canal bank to Pamani. The distance is about five miles, and the road even when I passed over it in the dry weather was as bad as bad could be.

4. If this canal bank or road is made fairly passable, it will be of great service in improving the communication between the canal and the interior of the district, and I have, therefore, referred the question of expense and feasibility of my proposal for the opinion of the District Engineer, whose reply I will in due course submit for the Board's consideration.

THE Board await the further communication promised.

IN continuation of my letter, dated 28th August 1878, No. 3,077, I have the honor to submit, for the sanction of the Board and Government, an estimate, amounting to Rupees 17,600, for reforming the road referred to by me, together with the portion of it extending to Kallimodu, seven miles east of Umbalachery. Copy of the District Engineer's report is enclosed.

2. As it is very desirable that the whole of this road should be put in order within the official year, I request that sanction may be accorded at an early date.

ENCLOSURE No. 1.

From Captain R. R. E. BROCKMAN, R.E., District Engineer, Tanjore, to E. F. WEBSTER, Esq., President of the Local Fund Boards, Tanjore, dated Upper Anicut, 11th September 1878, No. 2,099.

WITH reference to your letter, No. 3,078, of the 28th ultimo, informing me of your proposal to spend the outstanding balance of Rupees 24,862 belonging to the Canal and Ferry Fund, in improving the road between Umbalachery and Pamani in the Tiruturaipundi Taluk, I have the honor to forward, for the sanction and the necessary allotment of funds, an estimate, amounting to Rupees 17,600, for reforming Road No. 63 between Pamani and Kallimodu referred to in your letter under reply.

2. The Range Officer reports that the road at present is utterly out of order, and that the allotment is quite inadequate for its up-keep. I would, therefore, request that early sanction may be accorded to the enclosed estimate and the necessary funds placed at the disposal of this department, so that the work may be put in hand at once and completed during the official year.

Road.—No. 63 from Pamani to Kallimodu in Tanjore District.—Requesting sanction of Government to the estimate for restoring the —, and stating that on receipt of sanction the Board will allot requisite funds from the balance of the Canal and Ferry Fund of the district.

No 1869 of 3rd November 1878

C. No 4868

Explanatory Memo.

With reference to the concluding sentence of paragraph 4 of G.O. 2nd Feb 1878 no. 165, directing the Collector of Tanjore to submit proposals for utilizing the balance of the Canal and Ferry Fund in his district estimated to amount to Rupees 12,660 at the end of the current official year, the annual estimate amounting to Rupees 17,600 is submitted. The work proposed to be improved is a Local

fund Road with an annual
allotment of Rupees 1350
for maintenance. It is
not stated whether the Local
fund Board have Consulted
to the proposed improvements from Canal funds
and if so on what conditions.
It should have been stated
on what fund the future cost of the
-Nasp of the Road will devolve.

From the district Engineer's
letter recorded in the current
paper, the available Canal
fund Balance appears to be
Rs 24,862 while the Budget

figures given in the above
quoted G.O shew an available
balance of 12 thousand
and odd rupees. As the Board
however state in the Concluding
paragraph of their proceedings that they "will
allot the requisite funds from
the balances" on receipt of
the Govt sanction, it is pre-
-sumed that sufficient funds
to meet the proposed charges are
forthcoming. A draft order
is put on the current paper
for approval.
