GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

21st December 1878, No. 2,045.

Read the following paper:—

No. 225. Proceedings of the Board of Revenue, dated 16th September 1878, No. 2,560.

Read the following letter from C. BENSON, Esq., M.R.A.C., Acting Superintendent of Government Farms, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Saidapet, 2nd September 1878, No. 274:—

With reference to G.O., No. 1,348, dated the 22nd August (received yesterday), I have the honor to ask for orders regarding the number of stipendiary studentships and scholarships which it is intended to offer to the class about to be taken in, no mention being made concerning them, nor have any previous orders been issued on the subject. It appears, however, from G.O., No. 1,683, dated 24th November 1875, that it was not then the intention of Government to continue the offer of twenty-four stipends and three scholarships to classes taken in after the first class.

2. So large a number of stipends as twenty-four being offered in a class of thirty students, appears to me to be excessive as a permanent arrangement, and I would suggest that the number be reduced to twelve as proposed by the Board in their Proceedings, No. 2,406, of the 25th August 1875, together with two scholarships of Rs. 10 each to be competed for under the same conditions as have already been prescribed.

3. I need scarcely add that it is of great importance that I should be in a position to inform applicants on this subject, and that therefore I request the issue of instructions on it as soon as it may be possible, every delay postponing the admittance of the new class.

The proposals made in paragraph 2 are approved, and will be submitted for the orders of Government.

2. Mr. Benson has since suggested demi-officially that both stipends and scholarships should cease to be drawn at the close of the collegiate term. With this also the Board concur.

No. 226. ORDER THEREON, 21st December 1878, No. 2,045.

Miscellaneous.

HIS GRACE the Governor in Council observes that it was never intended to maintain the number of stipendiary studentships after the first class at twenty-four, and no reference at all to the subject appears to have been made in the prospectus issued in September last inviting a fresh class.

Studentships and Scholarships

2. At the same time the students now admitted may with reason have anticipated that some such assistance would be afforded; and the number for this class at all events will be fixed at fifteen, but the stipends will be slightly reduced and be Rs. 10 for the first six months, Rs. 12 for the second year of training, and Rs. 15 during the remaining nine months, *i.e.*, until the close of the final session.

3. The scholarships will remain at their present amount, but, like the stipends, will not be paid after the course of instruction is concluded.

4. The cost of these benefits for the entire period of training will thus be as follows:—

	RS.
15 Stipends at 10 Rs. each, for 6 months	900
15 do. at 12 Rs. do. 12 do.	2,160
15 do. at 15 Rs. do. 9 do.	2,025
3 Scholarships at 10 Rs. each, for 21 months	630
	<hr/> 5,715

5. The Government gather that the funds likely to be at the disposal of Government for agricultural purposes will bear these charges, but it must be borne in mind that when the full number of three classes is admitted the charges for lectures will grow materially.

6. The submission of an annual budget estimate has recently* been ordered, and a careful estimate should now be framed of the probable annual receipts as compared with the cost of maintaining the Saidapet Farm and the three classes of the School of Agriculture if the inducements to students now proposed are made permanent.

My dear Sir W. Robinson.

Benson has not raised the matter exactly as I had desired him;

My idea was, that there should be 15 Stipendiaryships and 3 Scholarships available to each class. That is, for the 3 classes 45 Stipendiaryships and 9 Scholarships.

To help to meet this cost. I proposed that the Stipendiaryships should be reduced in value to Rs. 10, Rs. 12 & Rs. 15 and be payable over only 2 years & 3 months instead of 2 years & 6 months as at present; and in the case of Scholarships a similar reduction of 3 months in the period they are tenable. Under these arrangements the entire cost of a class is rounded

figures would be Rs. 6000 instead of Rs. 12,000 as now sanctioned. In this way the 3 classes for the full term of training would cost Rs. 18,000 against Rs. 12,000 now sanctioned for 1 class. When I heard from Benson last, applications for admission were coming in freely. The enclosed memo will afford further information and I will be glad to afford further information. I am anxious not to detain your messenger.

My dear Mr. Robinson

Benson has not
raised the matter exactly
as I had desired him.

My idea was, that
there should be 15
stipendiaries and 3
scholarships available
to each class. I let it
be 16 3 classes 45
stipendiaries and 9

Scholarships -

In view of this fact,
I proposed that the
Stipendiaryships should
be reduced in value
to Rs 10, Rs 12, and Rs 15,
and be payable over
only 2 years & 3 months
instead of, 2 years & 6 months
as at present, and
in the case of Scholarships
a similar reduction of
3 months in the period

the an tenth. Under
this arrangement the
entire cost of a class
is now figure would
be Rs 6000, instead of
Rs 12,000 as now
sanctions - is the
cost the 3 classes
for the full term of
training would cost
Rs 18,000 against
Rs 12,000 now sanctions
for 1 class -

After about 4-5 years
last, approximately
for obtaining help
concerning the
school name,
the other people
it was decided
there be held the
other function
a commission and
before the summer
of 1900
the school

 attention is the question
 of lecturer's fees - In consequence of the non-disposal
 of the Board's Proceedings
 of the 13 Dec. last - I wish
 a minute on the subject
 some six months ago
 and have never heard
 of the papers again - we
 are likely to have double
 fees to pay to each teacher
 on the existing basis for
 the course of lectures
 delivered to the fresh-men, whom we
 are about to admit - In my minute I
 proposed a scheme
 which would partially
 avoid this costly
 measure but so far without action -
 I am still at a loss

to advise any other
 course and I beg to
 invite attention to the
 matter.

The question of the
Due to the Lecturers
has to be disposed
of without delay.

In Mr. Wright's proposal
was 1 lecture a day for
5 days in each week.

Mr. D. I. said he thought
of lectures a week w^d be
necessary.

But these proposals were
from single class.

Of the 5 subjects and

lectures are given. 3 are

Proceedings of the Madras Government
Under date the 21st Dec 1878

Mad Proceedings
of the Board of Revenue
dated 16th September 1878,
No 2560. regarding stu-
pendiary studentships
and scholarships for
the Agricultural School

His Grace the
Governor in Council
observes that it was
never intended to
maintain the number
of Stipendiary students
after the 1st Class at
twenty four, and no
reference at all to
the subject appears
to have been made
in

T. 1878
Mr. D. I. said
for the 1st class
the number of students
was 75 in 1878

Mr.

in the prospectus
issued in September
last inviting a
fresh class.

2. At the same
time the students
now admitted may
with reason have
anticipated that
some such assistance
would be afforded,
and the number
for this class at all
events will be fixed
at fifteen but the
stipends will be
slightly reduced
and be Rs 10 for the
first six months,
Rs 12

* Vide Extract of
Mr. L. P. C. J. J. J.
d. 3rd Sept.

The prospectus issued
76 only had reference to
the class of Rs 10
- from 76 the 2nd

2045/1
Rs 12 for the 2nd year
of training and
Rs 15 during the
remaining nine
months, i.e. until
the close of the final
session.

3. The scholarships
will remain at
their present amount,
but like the stipends
will not be paid
after the course of
instruction is con-
cluded.

4. The cost of
these benefits
for the entire
period of training
will

will thus be as follows.

15 Stipends at 10 Rs each
for 6 months ——— 900.

15 — do ——— 12 Rs —
for 12 — do ——— 2160

15 — do ——— 15 Rs —
for 9 — do ——— 2025

3 Scholarships at 10 Rs
each for 21 months — 630.

Rs 5715

5 The Govt. gather
that the funds —
likely to be at the
disposal of Govt.
for agricultural
purposes will
bear these charges,
but it must be
borne in mind
that when the full
number of 3 classes

is

Deposited 15/11/1905
13th Dec 1905
It is considered that
the funds in the
drawn on will
be available

2nd 10/9

is admitted the
charges for lectures
will grow materially
6. The submission
of an annual Budget
Estimate has recently
been ordered, and
a careful estimate
should now be
framed of the
probable annual
receipts as com-
pared with the
cost of maintain-
ing the Saidapet
Farm and the
3 classes of the
School of Agriculture

if the inducements
to students now
proposed are
made permanent
