GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

21st December 1878, No. 2,052.

Read the following paper:—

No. 240. Proceedings of the Board of Revenue, dated 25th November 1878, No. 3,136.

Read Proceedings of the Madras Government, dated 8th October 1878, No. 1,625, Revenue Department.

Read Proceedings of the Board of Revenue, dated 20th July 1878, No. 2,028.

COMMUNICATED to all Collectors for their information and guidance.

2. It is not possible for the Board on a mere examination of the lists to distinguish the payments properly relating to purely religious services from those made on account of educational or charitable purposes; some of the payments which appear in the list received from Nellore are evidently for charitable purposes. Collectors are requested to pay particular attention to this point, and see that only payments made to *religious* institutions or for *religious* purposes are converted into Beriz deductions. Doubtful cases should be submitted for the orders of the Board.

3. The attention of the Collector of Trichinopoly is drawn to paragraph 2 of the Government Order.

4. The Beriz deductions should be made from the revenue of villages in which the institutions are situated or in which the recipients reside, and where this is impossible they should be made from the revenue of such villages as the recipients may select. The deductions should in no case exceed 50 per cent. of the revenue of any one village in an ordinary year. There is no objection to money due to one institution being made payable from the collections of more than one village.

5. It must be explained to the ryots of villages in which the deductions are made that their interests will in no way suffer by this arrangement, and that puttas will continue to be issued to them by Government as usual. The deductions may be made from the total collections of the village, or, if the recipients prefer it, from the puttas of such individuals as they may select, provided the Puttadars agree to the arrangement.

6. The amount of deduction when made from the total collection should always be shown in the remittance list sent from the village to the taluk, and should be supported by a receipt granted by the individual to whom the payment is made. The Curnams and Monegars should be cautioned that they will be held responsible for payments made to wrong individuals.

7. The arrangement now sanctioned should be carried out at once, and a report submitted after the end of Fasli 1288, showing the villages in which the institutions are situated, or the recipients live, the villages in which deductions have been ordered to be made, the amount deducted in each village, and whether the deduction has been ordered to be made from the total collections, or by individual Puttadars.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 25th November 1878.

Read the following Proceedings of the Madras Government, dated 8th October 1878, No. 1,625, Revenue Department :—

Read Proceedings of the Board of Revenue, dated 20th July 1878, No. 2,028.

Miscellaneous.

G.O., 17th August 1876, No. 1,119.

THE decision of the Secretary of State directing the substitution of "Beriz" deductions for the existing cash payments to religious institutions is peremptory and should forthwith be carried out throughout the Presidency. In doing so, close attention should be paid to the limitation of the change to what is ordered, viz., payment for *religious* service.

2. His Grace the Governor in Council observes that the district statements include payments for educational services and for choultries, and that in Trichinopoly the allowance for the maintenance of Wallajah's Tomb which is payable to the Prince of Arcot or his agents is included. These payments are not of the kind from which the Government desire to dissever themselves, and their disbursement from the treasury should be continued has hitherto and *not* be commuted for rent charges on village revenues.

3. Great care is necessary in making the change, and all doubtful cases should be reported for orders. The Board will prepare and issue such detailed instructions as may appear necessary for carrying out the measure, giving all needful discretion to local officers to meet special circumstances.

4. When complete effect has been given to these orders the Board will submit a final report on the subject.
