GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

21st December 1878, No. 2,057.

Read the following paper:—

No. 250. From Lieut.-Colonel A. DEC. SCOTT, R.E., Superintendent, Revenue Survey, to the Secretary to Government, Revenue Department, dated Chepauk, 13th December 1878, No. 4,202-192.

I HAVE the honor to forward herewith the budget estimate of this department for 1879-80, amounting to Rs. 7,27,550. The regular estimate for 1878-79 aggregates Rs. 7,14,370, while the actuals for 1877-78 amounted to Rs. 7,39,421.

2. The actuals of 1877-78, as given above, include a sum of Rs. 22,242 expended on the survey of private estates, and which was recovered and credited to Government, and it is probable that Rs. 4,590 will be similarly spent in the current year. If actuals and regular estimate are corrected accordingly, they stand at Rs. 7,17,179 and Rs. 7,09,780, respectively.

3. The actuals of 1877-78, the budget and regular estimates of 1878-79, and the budget estimate of 1879-80 for the Central Office and for each Survey Party are compared in the statement below:—

Heads of Charges.	Actuals, 1877-78.	Budget Estimate, 1878-79.	Regular Estimate, 1878-79.	Budget Estimate, 1879-80.

				+ 52,000	+ 32,014

5. The budget estimate of 1878-79 accords so closely with the details of the revised scale of establishment that it will suffice to confine notice here to the difference between the former and the regular estimate for the current year. There is a considerable excess under the head of Central Office outlay. This is due to several causes. There has hitherto been a large accumulation of village plans ready for publication in the office, which it was necessary to work off, and a number of draughtsmen belonging to field parties have been employed in tracing for zincography and otherwise preparing copies for issue. The strength of the Printing Department has for the same reason been kept up to a larger standard than that which is normally necessary. The accumulation referred to has been cleared off, and the process of reduction of establishment has been commenced by the discharge of ten tracers, and it will be continued during the ensuing months.

6. The systematic reduction of the results of the Revenue Survey operations to a form which will render them available for geographical maps has been undertaken, and it has been necessary to divert from the field parties a portion of their establishment of computers for the above purpose. The mass of records to be dealt with is enormous, and as the accumulation continues, it was urgently necessary to make a commencement with work, which must sooner or later be carried to a conclusion.

7. The diversion of establishment to the central office for the purpose of accelerating publication and computation accounts for excess outlay during the first-half of the current year, at the rate of Rs. 13,000 per annum. The grant of house allowance to the Assistant Superintendent employed in the central office under G.O., No. 3,323, of 20th November 1877, causes an excess in central office outlay of Rs. 1,200. The expenditure on repairs of instruments from April to October 1878 represents an annual outlay (carried into regular estimate) of Rs. 1,300 in excess of budget estimate; but this is a very fluctuating item and no conclusion as to annual or normal outlay can be drawn from the results of a half year. There have been very large demands during the year on the department for miscellaneous maps, and although it might have been feasible to distribute a

portion of such work to field parties to be executed [illegible] offices, it was considered better in order to ensure [illegible] limit correspondence, to concentrate the necessary [illegible] office and to debit the outlay thereto, notwithstan[illegible] cause an excess.

8. The decrease in expenditure under the he[illegible] has been caused by the resignation of one As[illegible] absence on furlough of another. The decrease [illegible] parties' establishment corresponds with the extra ch[illegible] lishment, employed in publication, computation, and [illegible] was also due to the almost complete cessation of dem[illegible] earlier months of the year caused by the then prevail[illegible]

9. The amalgamation of the Ganjam detach[illegible] transfer of the field establishment of No. V Party fr[illegible] North to South Arcot, and of the Nilgiri detachment for work in North Wynad, have caused an excess expenditure to appear in Travelling Allowances, &c., in the regular estimate as compared with the budget estimate.

10. No provision was made in the budget estimate of 1878-79 for measurement allowance, which is a bonus or gratuity paid for work done at a certain rate per unit of quantity, because under the new organization the allowance ceases to be drawn. There were, however, arrears due for previous years to be paid in this year, and these are shown in the regular estimate. Special allowances have been drawn for office accommodation on the Nilgiri and in Ganjam under the authority

No. 1,004 of 12th May 1865.
„ 2,952 of 1st Nov. 1866.

of the Government orders as per margin; hence the excess in the regular estimate as compared with the re-organization scale.

11. Turning now to the details of the budget estimate for the ensuing year, it will be seen that here, as in that for 1878-79, provision has been made for a certain number of items which were not provided for in the revised scale sanctioned in G.O., No. 2,097, of 25th June 1877, and which yet had always formed part of the normal expenditure of the department. The items in question have been entered to the amounts and on the data shown below:—

—	Actuals, 1877-78.	Budget Estimate, 1878-79.	Regular Estimate, 1878-79.	Budget Estimate, 1879-80.
	RS.	RS.	RS.	RS.
Mileage, batta and travelling allowance of establishment.	15,433	11,760	21,790	21,900
Pay of Hospital Assistants	3,314	3,[illegible]	3,600	3,300
Service labels	2,679		2,469	2,657
Repair of instruments	2,073	00	4,300	3,000
Contingent expenses of central office	2,776	570	3,370	3,860
Total ...	26,275		35,529	34,717

While providing for the foregoing it has been a[illegible] at the same time that the total amount of the budget as respects all budg[illegible]ns should not exceed the total estimated cost under the revised organization, [illegible]d consequently the provision in the present budget for a certain portion of t[illegible]e establishment has been

21ST DECEMBER 1878, No. 2,057.

reduced below the ... lard. The heads under which reductions have been made are as ...

	Total ...	1,43,403½	1,06,643	ence 36,760½

12. On the date of submission of the last budget estimate there were three Assistant Superintendents on the strength of the department in excess of the sanctioned number under the new scale. At the present date there is only one supernumerary officer, and for whom it has not been considered necessary to make special provision in the budget estimate for 1879-80, because there will doubtless be savings on account of officers absent on furlough.

13. With reference to paragraph 9 of G.O., No. 1,108 of 25th June 1878, Financial Department, I enclose two statements, being estimates showing the details of "office contingencies" and "other expenditure of a contingent character" for the coming official year.

No. 251. ORDER THEREON, 21st December 1878, No. 2,057.

Miscellaneous.

THE budget estimate of the Survey Department for 1879-80, received with the paper read above, aggregates Rs. 7,27,550 against the regular and sanctioned estimates for the current year, amounting, respectively, to Rs. 7,14,370 and Rs. 7,27,580, and the actuals for 1877-78, amounting to Rs. 7,39,420. It is within the average annual cost of the department hitherto incurred, as well as the aggregate expenditure on the sanctioned* scale, which amount ... 7,27,6[illegible]0 in round numbers.

From

The Superintendent Revenue Survey

To

The Secretary to Government
Revenue Department

SIR,

I have the honour to forward herewith the Budget Estimate of this Department for 1879/80 amounting to Rs. 727,550. The Regular Estimate for 1878/79 aggregates Rs. 714,370 while the actuals for 1877/78 amounted to Rs. 739,421.

2. The actuals of 1877/78, as given above include a sum of Rs. 22,242 expended on the Survey of private estates and which was recovered and credited to Government and it is probable that Rs. 4,590 will be similarly spent in the current year. If Actuals and Regular Estimate are corrected accordingly they stand at Rs. 717,179 and Rs. 709,780 respectively

3. The Actuals of 1877/78, the Budget & Regular Estimates of 1878/79 and the Budget Estimate of 1879/80 for the Central Office

Office & for each Survey Party are compared in the statement below.

Heads of charges	Actuals 1877/78	Budget Estimate 1878/79	Regular estimate 1878/79	Budget estimate 1879/80

5. The Budget Estimate of 1878/79 accords so closely with the details of the revised scale of Establishment that it will suffice to confine notice here to the difference between the former and the Regular Estimate for the current year. There is a considerable excess under the head of Central Office outlay. This is due to several causes. There has hitherto been a large accumulation of village Plans ready for publication in the Office which it was necessary to work off and a number of Draughtsmen belonging to field Parties have been employed in tracing for Zincography and otherwise preparing copies for issue. The strength of the Printing Department has for the same reason been kept up to a larger standard than that which is normally necessary. The accumulation referred to has been cleared off and the process of reduction of Establishment has been commenced by the discharge of 10 Tracers, and it will be continued during the ensuing months.

6. The systematic reduction of the results of the Revenue Survey operations to a form which will render them available for Geographical maps has been undertaken, and it has been necessary to divert from the field parties a portion of their Establishment of

of computers for the above purpose. The mass of records to be dealt with is enormous, and as the accumulation continues, it was urgently necessary to make a commencement with work, which must sooner or later, be carried to a conclusion.

7. The diversion of Establishment to the Central Office for the purpose of accelarating Publication and computation, accounts for excess outlay during the first half of the current year at the rate of Rs. 13,000 per annum. The grant of Horse allowance to the Assistant Superintendent employed in the Central Office under G.O. No. 3223 of 20th November/77 causes an excess in Central Office outlay of Rs. 1200. The expenditure on repairs of Instruments from April to October 1878 represents an annual outlay carried into Regular Estimate of Rs. 1300 in excess of Budget Estimate; but this is a very fluctuating item & no conclusion as to annual or normal outlay, can be drawn from the results of a half year. There have been very large demands during the year on the Department for miscellaneous maps, and although it might have been feasible to distribute a portion of such work to field parties to be executed

in

29 5/6

in the several head quarter offices, it was considered better in order to ensure uniformity & despatch and limit correspondence, to concentrate the necessary draughtsmen in the Central Office and to debit the outlay thereto, notwithstanding that this course would cause an excess.

8. The decrease in expenditure, under the head of Assistant Superintendents, has been caused by the resignation of one Assistant Superintendent and the absence on furlough, of another. The decrease in the regular Estimate of Field Parties Establishment corresponds with the extra charges for Central Office Establishment employed in publication, computation & miscellaneous mapping & was also due to the almost complete cessation of demarcation in Bellary during the earlier months of the year caused by the then prevailing scarcity.

9. The amalgamation of the Ganjam Detachment with No. V Party, the transfer of the Field Establishment of No. V Party from North to South Arcot & of the Nilgiri Detachment for work in North Wynad have caused an excess expenditure to appear in travelling

allowance

allowances &c. in the Regular Estimate, as compared with the Budget Estimate.

10. No provision was made in the Budget Estimate of 1878/79 for measurement allowance, which is a bonus or gratuity paid for work done, at a certain rate per unit of quantity, because, under the new organisation, the allowance ceases to be drawn. There were, however, arrears due for previous years to be paid in this year & these are shewn in the Regular Estimate. Special allowances have been drawn for office accommodation on the Nilgiris & in Ganjam under the authority of the Government orders, as per margin, hence, the excess in the Regular Estimate, as compared with the reorganisation scale

No. 1004 of 12th May
" 2952 of 1st Nov.

11. Turning now to the details of the Budget Estimate for the ensuing year, it will be seen that here, as in that for 1878/79, provision has been made for a certain number of items, which were not provided for in the revised scale, sanctioned in G. O. No. 2097 of 25th June 1877 and which yet had always formed part of the normal expenditure of the Department. The items in question have been restored to the amounts and

on the data shewn below.

2057/7

	Actuals 1877/78	Budget Estimate 1878/79	Regular Estimate 1878/79	Budget Estimate 1879/80
Mileage, Batta & Travelling allowance of establishment,	15,433	11,760	21,730	21,900
Pay of Hospital Assistants	3,314	3,300	3,600	3,300
Service Labels	2,679	2,156	2,469	2,657
Repair of Instruments	2,073	3,000	4,300	3,000
Contingent expenses of Central Office	2,776	1570	3,370	3,860
	26,275	21,786	35,529	34,717

While providing for the foregoing, it has been assumed, at the same time that the total amount of the budget, as respects all budget items, should not exceed the total estimated cost under the revised organisation, and consequently the provision, in the present budget for a certain portion of the establishment, has been reduced below the authorized standard. The heads under which reductions have been made are as follows:—

Heads of charges	Items of charges	Amount allowed under new scale	Amount provided for in the Budget 1879/80	
Central office	Establishment			
	Clerks above Rs. 50	15,240	7,800	
District Survey Parties	Contingencies	12,000	3,800	
	Measurers & Rural labourers	5,000	3,250	
	Stones	24,000	11,000	
	Assistant Superintendents	87,163½	80,793	
		143,403½	106,643	Diff. 36,760½

12. On the date of submission of the last Budget estimate, there were three Assistant Superintendents on the strength of the Department in excess of the sanctioned number under the new scale. At the present date, there is only one supernumerary officer, for whom it has not been considered necessary to make special provision in the Budget Estimate for 1879-80, because there will doubtless be savings on account of officers absent on furlough.

13 With reference to Para 9 of G.O. No. 1108 of 25th June 1878 Financial Department, I enclose two statements being estimates shewing the details of "office contingencies" and "other expenditure of a contingent character" for the coming official year.

1879/80	Budget Do.	7,27,550

1. The Budget Estimate of the Survey Dept for 1879-80 received with the paper read above, aggregates Rs 7,27,550 against the Regular and Sanctioned Estimates for the current year amounting respectively

respectively to Rs 7,14,370 and Rs 7,27,580 and the actuals for 1877-78 amounting to Rs 7,39,420- It is within the approximate annual cost of the Dept hitherto incurred, as well as the aggregate expenditure of the sanctioned scale, which amount respectively to Rs 7,28,000 and 7,27,600 in round numbers-

2. The variations under each head between the grant and the Regular Estimate for the current year are fully explained in paragraphs 4 to 10 of the Superintendents letter and the net decrease in the latter is attributed partly to the savings caused by the resignation of one Assistant Superintendent and the absence of another on furlough, and partly to the complete cessation of demarcation operations in the Bellary District during the earlier months of the year in consequence of the prevailing distress.

3. The excess in the actuals of 1877-78 compared with the grant for the year is not explained, but it is observed that it includes a sum of Rs 22,240 spent on the survey of private Estates, which it is stated has

* Govt of India letter dated 21st May 1877 no. 313 recorded in G. O. 25th June 1877 no 2097

	Rs
Grant 1877-78 —	6,98,000
Actuals — do —	7,39,420

has been since recovered and credited to Government. Similarly the regular Estimate for the current year includes an advance of Rs 4,590 recoverable hereafter. His Grace the Governor in Council ~~directs~~ doubts the propriety of advancing the money required for the survey and demarcation of private estates from Govt. Funds, and requests the Supdt. to consider and report whether the Budget provision should not in future be restricted to the actual requirements of the Dept. on Govt. account, ~~and~~ any private work required of the District

For Consideration - His Lord'p may Hand Kerr

See no reason for assuming that the Budget Estt. does not provide for private work

2057/11

Orphan Asylum ~~District~~ being undertaken only on prepayment by the Castes parties concerned -

4. The Estimate for the ensuing year closely approximates the sanctioned estimate for the current year, but the Superintendent has made slight modifications and adjustments in the component parts of the Estimate in view to providing for certain indispensable items of expenditure not included in the authorized scale - These amount to Rs 34,717 and are fully explained in paragraph 11 of the Supdt's letter -

Except

In future

From the support to the revised Recurring Expenditure ~~Estimate~~ ~~Expenditure~~ for maintenance of Superior Staff - Note it was stated only that for one or two years Government is willing to bear ~~the~~ ~~Supdt~~ the cost of the revised Establishment ~~Estimate~~ It is intended to provide actual requirements from year to year

The

5. The Estimate, as per abstract given below, is approved and passed in full.

Central Office ~~including the Lithographic Branch~~	73,750
