GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

21st January 1878, No. 109.

**Applications for Leave.**

No. 133. *Proceedings of Government, dated 21st January 1878, No. 109.*

The demands of the service for famine relief and for the ordinary revenue other administrative executive duties still need the utmost exertion of every avail officer.

2. The Governor in Council is however well aware that these anxious harassing duties have placed an unusual strain on the powers of officers of all ranks and urgently call for relaxation and rest. The Governor in Council therefore withdraws the restriction on the grant of leave imposed by the notification published in the *Fort St. George Gazette* dated 13th February 1877 from this date. The Governor in Council will, however, in considering applications for leave, be able only to grant them with a careful regard for the exigencies of the public service. He may, therefore, be unable to comply with many applications which otherwise would be acceded to without hesitation. All officers applying for leave, who have been concerned in relief operations must submit with it a statement that all famine accounts with which they have been concerned, have been duly rendered with the necessary vouchers, and settled. ...cers of famine districts applying for leave must ... the accounts of their several districts have been completed and settled up to December 31st 1877.

3. In order to facilitate the decision on applications, officers who may have any special reason for leave at a particular date should state them, or transmit them (confidentially if they please) with their applications.
