GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

16th February 1878, No. 242.

Read the following paper:—

✓ No. 174. Proceedings of the Board of Revenue, dated 6th February 1878, No. 325.

Read the following letter from J. B. PENNINGTON, Esq., Collector of Tinnevely, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Papanasam, 26th January 1878, No. 76:—

I REGRET to have to inform the Board that locusts are reported to have appeared in the Ottapidaram Taluq. I have not heard that much damage has been done as yet, but am ordering careful inquiries to be made, and will report again. Fortunately the dry harvest in the north is nearly over, and, though there have been few of the bumper crops that might have been expected with finer weather in December, the outturn is generally reported to be fair.

2. About here the rice crops in many fields appear to be suffering from a sort of blight, perhaps owing to the continuous wet weather (though attributed by natives to a fly), which will, I am afraid, reduce the outturn considerably in many places.

I am forwarding specimens of the fly by banghy.

ENCLOSURE No. 1.—Specimens of fly.

SUBMITTED for the information of Government.

2. The specimens will be sent to Dr. Bidie and Mr. Robertson for report.

Sir,
I regret to have to inform the
Board that locusts are reported to have
appeared in the Ottapidaram Taluq.
I have not heard that much damage
has been done as yet, but am ordering
careful enquiries to be made and will
report again. Fortunately the dry
harvest in the north is nearly over; and
though there have been few of the bumper
crops that might have been expected
