*Proceedings of the Madras Government, Revenue Department,
19th February 1876.*

No. 234. Read the following Proceedings of the Board of Revenue, dated 25th January 1876, No. 210:—

Read the following letter from Colonel F. J. B. PRIESTLEY, Superintendent of Revenue Survey, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Chepauk, 4th December 1875, No. 3,604-164.

THE officer conducting the survey of Wynaad reports that the Tirumalpad of Nelamboor and Nelialum Raja have applied for maps of all estates and paddy flats within their boundaries. The former owns the whole of the Nambalacode Amshom, and the latter a large tract of land in Munnanaad.

2. Captain Cloete proposes that these large proprietors should be called on to contribute some portion of the cost of survey in addition to the usual small charge of 1 Rupee per map.

3. I have the honor to submit, for the favorable consideration of the Board, that 1 Rupee per acre should be charged to the Tirumalpad and Nelialum Raja in addition to the charge for each map.

4. The Board are aware of the costly nature of the survey in Wynaad, by which survey the proprietors on whose lands estates have been opened will be considerably benefited. I learn that they are prepared for some such additional charge which, considering that a Mr. Hughes (a private surveyor) demands $2\frac{1}{2}$ Rupees per acre for detailed surveys not so accurate as ours and wanting the stamp of authority, cannot be deemed excessive. The Collector of the district has expressed his concurrence in this view.

5. The total area on which this additional charge would be made is about acres 20,000.

SUBMITTED for the orders of Government.

2. The Board observe that in the letter recorded in their Proceedings, dated 16th October 1875, No. 2,891, the Superintendent stated that Rupees 43,000 have been expended on the survey of Nambalacode and Rupees 5,000 more are required, and that Munnanaad, which is complete, has cost Rupees 24,000.

3. Any charge which can now be made must be matter of arrangement, but it is equitable in principle and most desirable that private proprietors who benefit so largely by the survey should contribute to the cost. If, therefore, the charge proposed by Colonel Priestley, viz., 1 Rupee an acre, is agreed to by the Tirumalpad and the Nelialum Raja, the Board are of opinion that it should be made, and that in future cases of the kind agreement should be taken from large proprietors to pay a similar charge before the survey of their estates is undertaken.
