SIR,—In forwarding the accompanying Proceedings of this Government, embodying correspondence that has arisen on Financial letter, No. 520, dated 30th January 1877, I am desired to state that His Grace the Governor in Council would strongly recommend that the practice of impressing private materials hitherto in force in this Presidency be allowed to continue as its discontinuance is likely to cause considerable public inconvenience.

2. I am also directed to point out that the practice has been on various occasions before the Government of India without remark, and in the paper forwarded with the earlier of the communications marginally noted it was specially stated that owing to its existence the absence of any provision empowering the denotation of blank papers was not felt.
