GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

9th November 1878, No. 906 I.

Irrigation.

Read the following papers:—

No. 50. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, 2nd Circle, to the Chief Engineer for Irrigation, dated Bellary, 2nd November 1878, No. 91.

THE District Engineer of Bellary lately wrote and asked the Collector if he could provide a couple of tents for Mr. Kemsley, Professional Borer, who is to work in the bed of the Chitravati near Parnapalli. The Collector now replies that the Government have ordered all tents to be returned to store at Madras, and suggests that application should be made to the Government for the tents. I have therefore the honor to request that authority may be given to the Collector to give the tents, or else that they may be sent with Mr. Kemsley from Madras. There are no survey plans in this office, and I have no means of giving Mr. Hemsley instructions regarding the site selected for the dam, or of the details of borings that should be made beyond the bed of the river.

No. 319 I.

MEMORANDUM.

No. 50-A.

MR. KEMSLEY, the Professional Borer in the employment of the Madras Railway Company, has been engaged with the sanction* of Government to examine the bed of the river at the site of the proposed dam for the Parnapalli reservoir, Bellary, and in his engagement he stipulated that shelter at the work should be provided for him.

* G.O., No. 833 I, dated 17th October 1878.

2. The District Engineer, Bellary, was asked to have a temporary shed constructed, but he pointed out that it was very difficult to obtain materials, and a better arrangement would be to obtain from the Collector the loan of two of the tents which have been in use by Famine Officers.

3. The Collector states that he is unable to lend the tents as he has been ordered to return them to Madras; there is not now time to construct sheds, and it is therefore suggested that the Collector may be authorised to lend the required tents.

FORT ST. GEORGE,
6th November 1878.

(Signed) J. O. HASTED, Lt.-Col., R.E.,
Ag. Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department, Irrigation Branch.

No. 51. ORDER THEREON, 9th November 1878, No. 906 I.

THE Superintending Engineer, 2nd Circle, is authorised to obtain from the Collector of Bellary two of the tents lately used by the Famine Relief Officers in that

district for lodging the party to be engaged in boring operations at the site of the proposed Parnapalli reservoir.
