GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

7th November 1878, No. 903 I.

Irrigation.
Account.

Read the following papers :—

No. 44. From J. O'SHAUGHNESSY, Esq., District Engineer, Nellore, to the Chief Engineer for Irrigation, dated Nellore, 26th October 1878, No. 1,883.

In advertance to G.O., No. 788 I, of 7th October 1878, I have the honor to report that the tank referred to is a mere village pond.

2. It appears from the Revenue Officer's accounts received in my office that a sum of Rupees 272-4-9 was expended upon it for purposes of famine relief by the Sub-Collector. The expenditure comes under the head "Sanitation" which has to be accounted for in all respects by Civil Officers; the Public Works Department has had no control over the work, and I have no funds at my disposal to meet any charges connected with it.

3. The claim for compensation in connection with the work appears to have been already paid by the Collector's order and will no doubt be accounted for by that officer in the usual course.

No. 314 I.

No. 44-A. *Note by the Acting Chief Engineer for Irrigation.*

Government Order, No. 1,584, dated 27th September 1878, directed that the Public Works Department should provide funds for the payment of Rupees 25 as compensation to an individual whose house was damaged in consequence of the removal of a tank bund.

2. The District Engineer, Nellore, explains that the tank is a mere village pond, and the expenditure incurred on its repair under the Sub-Collector is chargeable to "Sanitation." The compensation is therefore not a Public Works charge.

Fort St. George, 2nd November 1878. (Signed) J. O. HASTED, Lt.-Col., R.E., Ag. Chief Engineer for Irrigation.

To the Acting Joint Secretary to Government, Public Works Department, Irrigation Branch.

No. 45. Order thereon, 7th November 1878, No. 903 I.

Under the circumstances brought to notice, the amount of compensation for which funds were ordered to be provided by the Public Works Department in G.O., No. 1,584, dated 27th September 1878, will be charged by the Collector to the head of service to which the repairs of the tank are properly chargeable.

The fact seems to be that work undertaken for famine relief resulted in the damage for which compensation is payable.
