Read the following paper:—

No. 201. *Financial Despatch from the Right Hon'ble the VISCOUNT CRANBROOK, Her Majesty's Secretary of State for India, to His Excellency the Honorable the Governor in Council, Bombay; dated India Office, London, 12th September 1878, No. 71.*

I forward herewith, for your Excellency's consideration, copy of a letter, dated 17th July, with enclosures, received from Messrs. T. Haviside and Company, the Agents of the Ship *Duke of Athole*, requesting that the value of certain acids, which has been deducted from the freight on the other Government stores payable at Bombay in consequence of the acids having been thrown overboard, may be refunded to the shipowner's Agent there.

2. There is always great difficulty in inducing shipowners to allow their vessels to carry dangerous acids, and consequently it is the invariable custom to ship them upon the understanding that the acids are carried on deck at the risk of the shippers.

3. I am advised that, under these circumstances (see copy enclosed), the value of the jettisoned acids could not be deducted from the freight due in respect of the goods delivered, and I have therefore to request that instructions may be issued for the refund of the amount in question in accordance with Messrs. Haviside's application, unless your Excellency is aware of any special circumstances in this case which would render such a course undesirable.

4. It is understood that Messrs. T. Haviside and Company do not claim the proportion of the freight on the acids payable at Bombay, as the same is not due, unless the acids are delivered.
